

OPP puts priority on impaired offenders

Herald Special
The Ontario Provincial Police are seeking the help of parents and teachers to reduce the number of accidents involving teenagers drinking and driving after end-of-term celebrations over the next couple of months.

Graduations, school dances and field parties are just around the corner. The OPP wants to convince partygoers that drinking and driving can cause senseless death and injury.

Prevention of impaired driving is a priority item because this social problem brings on untold human suffering and a tremendous financial cost to society, says an OPP press release.

During 1985, International Youth Year, it is the special objective of the OPP to have the young people of our province experience the safest motoring possible this spring and summer.

To accomplish this objective, OPP Commissioner Archie Ferguson is asking for a cooperative and concentrated effort by parents, educators and law enforcement officers to help our young people truly understand the perils of drinking and driving.

While police officers have a definite role in enforcing anti-drinking and driving laws, educators can contribute by encouraging discussion on the subject of drinking and driving as part of the graduation preparations.

School booklet objections

Herald Staff
The new booklet on local government for Halton's Grade 3 pupils is hot off the presses.

"How do we run our community" was produced by the region, area municipalities and the two Halton school boards.

25-page booklet uses cartoon characters to explain how community government works. The booklet will be used starting this September and students completing the local government program in their curriculum will get a certificate.
