

MEET OUR MERCHANTS

Seated in one of the many Pony vehicles in stock at Hyundai Country is Bill Lenstra who owns the business with his brother

Hank. Salesmen Wayne Latour and Tim Allan are directly next to him.

Georgetown Pony

Owner likes sports

William Lenstra is the owner of Georgetown's newest car dealership, Hyundai Country located on Guelph Street.

The sixteen staff members work in either the sales or servicing departments for the Pony and Stellar car models.

At the Pony dealership you can buy, lease, find car parts or have bodywork done to a Hyundai Country car.

The business has been open since January of 1985 and is expanding very rapidly, said Mr. Lenstra.

The Pony is the number one selling import automobile, he said. The dealership hopes to have about 25 staff members by year end.

The Georgetown firm has a number of goals to meet. They want to be number one in everything they do, Mr. Lenstra said.

Currently the dealership is receiving about 80 cars per month, but they'd like to increase that number of 100 cars per month.

Since being in business the owner says every month there has been a tremendous acceptance by both the local population to the dealership and also to the product they sell Mr. Lenstra said.

William Lenstra is married with two daughters and one son. He likes all competitive sports. He looks forward to supporting local sporting events and other community interests.

Fletcher's offers shoes prescribed by doctors

Fletcher's Family Shoes Limited in downtown Georgetown is a father-son operation.

Ralph and Geoff support through funding and active participation many different organizations in town, especially minor sports.

The store employs sales clerks Shirley Kitts and Sharon De Jong as well as bookkeeper Lilian Fletcher. In charge of stock and cleaning is Michelle and Stephen Fletcher.

The store sells all types of footwear for all members of the family including athletic shoes, dress footwear, workboots, the casual look and orthopaedic shoes.

Unique to the business is that the Credo Callous Remover is

distributed solely by Fletcher's. The firm is working to have the product distributed nationwide through chain stores.

The motto or slogan of Fletcher's is "Georgetown foremost footfitters."

One of the many changes the owners have seen since they opened their business is that the small independent retailer with specialized services is declining rapidly.

A specialized service Fletcher's offers is that they fill doctor's orthopaedic prescriptions.

The business was originally situated at 102 Main St. and was moved to 39 and 41 Main Street starting business at this location as Fletcher's Family Shoes, July 1, 1982.
