

Places to visit

Some suggestions for summer outings

How do you have fun in the sun? When the summer days and weekends become just a bit too predictable and it's time for a change, why not head out and explore a new part of the town or region?

Summer in Halton Hills and Halton can be a fun place to be. There's a variety of natural landscapes, museums and shops to visit and explore.

The North Halton Tourism Association have a comprehensive guide to what is going on during the summer.

In it you'll find stories about the history of Acton, Rockwood, Georgetown and other small towns. It

gives you a guide on what's available in the area.

A nifty treat for the kids is a visit to the Halton County Radial Railway located just outside of Rockwood near Highway 7. You can ride an electric streetcar through the woods and visit their museum of old restored cars that were in use many years ago. A phone number for more information is 1-519-856-9802.

Crawford Lake Conservation Area is quickly growing into a scenic hot spot and a great place to bring the kids so they might learn about Indian folklore.

Situated near Campbellville south of Highway 401, Crawford Lake is built on the site of an old Indian village. Restoration and a recreation of the village has begun and there's lots to see. For more information about this attraction call 878-4131.

If your kids love to horseback ride, Wildwood Manor Ranch might be the answer for an afternoon adventure. The Ranch has lots of good trails and features instruction as well. They're located not far from Ballinafad. For more information call 877-6852.

One idea for a sunny day might be to visit one of North Halton's parks for a refreshing swim. Acton's Fairy Lake is a favorite for many locals, including a host of out-of-town visitors. At Fairy Lake you can rent your own canoe or paddle boat. Call 877-5185.

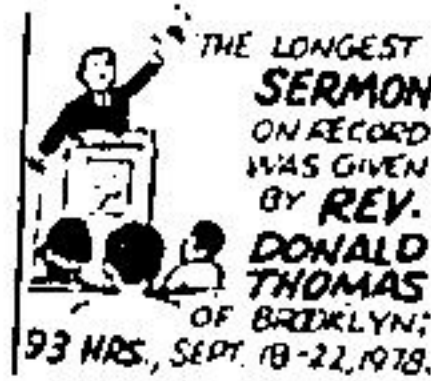

HITS THE SPOT

Summer is a time for barbecues. Nothing tastes better for a young person than a hot dog roasted over an open flame. If you're looking for a way to spend an afternoon, take the kids for a picnic at one of the conservation areas.

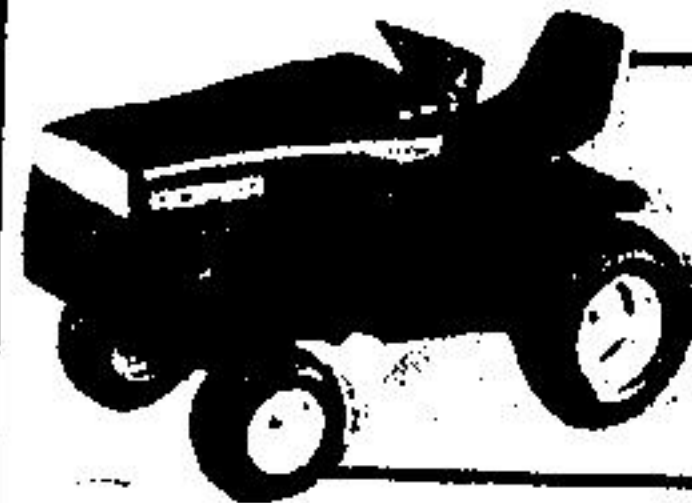

At Milton's Keiso Conservation Area it's possible to swim or rent a canoe, sailboat or windsurfer. For more information call 878-5011.

If you are a shopper who likes to explore, there's plenty to see by visiting the various specialty shops in downtown Acton and Georgetown, plus a choice of malls on Georgetown's Guelph Street.
