

The children's library is a fun place to be in the summer. Every so often the staff have planned a new program or session to entertain the kids. Recently Eric Nagler, a children's television star visited Georgetown and Acton to teach the kids about how to make and play their own musical instruments.

GOOD GROOMER.

The Kubota G4200HST lawn and garden tractor has a hydrostatic transmission that gives you shiftless maneuverability. Just one foot pedal changes from forward to reverse, and back again.

The low maintenance 12 hp diesel engine will last a long time and give you good fuel economy. Standard on these tractors is live front PTO, shaft drive to the mower, and a comfortable adjustable seat.

The ease of operation will make lots of chores easier, with other implements and attachments such as snowblower, blade, or tiller.

Come in now for a good look at this shiftless diesel—you'll find it's a hard worker.

Nothing like it on earth.™
