

GMHA hockey notes

Important part

Fundraising and sponsorship account for 33 per cent of our income, by far the largest part is the support we receive from sponsors. We encourage you to support all of them. This past season our Atom-Pee Wee, Bantam, Midget and Provincial Championship Tournaments raised over \$8,000, gate receipts for the O.M.H.A. and League Playoffs contributed over \$7,000 to our coffers. Our social dances, held in November and February have not been successful this past season. However, with a change in format it is hoped they will raise \$2,000 this season. Souvenir sales not only promote our association they also provide over \$1,000 of income each year, add to this the \$5,000 the Hockey Mom's turn over to us and you will see how we are able to keep the cost of registration down each year.

We can only continue to do this with your support. This Christmas for the man that has everything how about a Minor Hockey hat or a Golf Shirt? Boys and girls would look great in a G.M.H.A. "T" shirt or how about a crested gym bag? All these and many other souvenir items are available from the G.M.H.A.

The first dance of the season will be on Nov. 23 at Holy Cross Church. Nautical Night is the theme for evening. We invite you to dress up as Cleopatra or her galley slave, Long John and his mate or as the Captain and the cabin boy. So grab your sou'wester and your deck shoes and come on out for a good time. Dress is optional, music is by D.J., buffet will be provided. Tickets are available from all Rep team managers.

Ref's Association

This season will probably see some significant changes insofar as officials are concerned. All hockey at the Midget and Juvenile levels will use a three man system for the upcoming season. All stick infractions will be closely monitored with the emphasis

on high-sticking, slashing, cross-checking and hooking. This area will require full co-operation and support from league executive, coaches and managers.

We look forward to another successful season of hockey and as usual, we are looking for any persons who are interested in refereeing to contact our Referee-in-Chief, Mr. Gerry Perkins, at 877-6601, for further information.

Hockey moms are already off to another busy and, with your help, successful season.

Our equipment exchange which took place on Sept. 8, made \$1,094 profit.

The Hockey Moms have sponsored two-teams this season, one at the Rep level and one at the House League level. We will also be presenting cakes to all teams participating in the local tournaments and on the Day of Champions as done in previous years. We will also have Santa visit with the Tyke-Novice League to present Christmas Stockings and candy canes at Christmas. All players will receive crests again this year.

The Hockey Moms again this year gave the G.M.H.A. \$5,000 to help keep the cost of registration to a minimum.

In order to do this on an ongoing basis, we will need to have a major fund raising effort this season. The Pay-What-You-Pull draw that we operated with so much success two years ago will be done early in the new year. We are always looking for volunteers, you are always welcome to attend our meetings. Notices of times and places of our meetings will be posted in the arenas.

Joanna Alchin, Pres.

Friday night hockey this season will consist of all Tyke aged players (5-6-7 years old) and Minor Novice aged players (8 years old) at the Alcott Arena.

Major Novice (9 years old) will play on Saturday at the Memorial Arena, as will all Atom and Pee Wee House League teams.

45 GUELPH ST., GEORGETOWN 877-2201

Grandmother of 5

Ena F. Jackson, sister of Dorothy C. Bradford of Georgetown, died at the Mississauga Hospital Sept. 18. The Mississauga woman lived in the Highlander Apartments.

In addition to her sister Mrs. Bradford she leaves her husband Cyril Jackson, son Donald of Edmonton, brother Charles Frampton of Toronto, and grandchildren Jan and Jill Munden, and Brian, Donald and Kelly Jackson.

Mrs. Jackson also had a daughter, Margaret (Peggy) Munden, who died. Mrs. Jackson was resting at the Skinner Middlebrook Ltd. funeral home at 128 Lakeshore Road East in Mississauga where the service was Friday at 2 p.m. She was buried in the Streetsville Cemetery.

Construction down

When it comes to residential construction, whether it be new homes or repairs and additions to existing homes, August 1985 has seen a lot less construction than did August 1984 or August 1983.

According to the building department monthly report, construction worth \$395,295 took place this August, compared to \$601,350 in August 1984 and \$595,350 in August 1983.

Heavy rains saved crop

Late heavy rains saved what was looking like a disastrous grain and bean crop for Halton farmers, Farm Management supervisor Barry Sinclair said.

Mr. Sinclair who works for the Ministry of Agriculture said the verdict on the soya bean and corn crops is not in yet as they will be harvested in two and three weeks respectively. If the heavy rains continue the harvest could be hurt.

"We don't need any rain. The ground is full of water. Dry weather is needed so harvesting equipment can drive cross the fields," he said. A drought until harvest time would also hurt the yield, he added, but it is preferred than more rain.

The late rains of summer came at the right time for wheat, oats, and barley harvests which are complete in southern Ontario. It was a dry summer and the rains came in time to save the small grains.

The result is "excellent yields up from last year," Mr. Sinclair said. Only the hay crop was not able to recover from the dry summer, he added.

A successful crop, any crop, needs a dry planting period, rains in the summer to keep the crops growing and a dry harvest time. This year the spring was dry for planting, the summer was dry and there have been late summer rains which threaten to interfere with the fall harvest, Mr. Sinclair said.

Because of high grain yields the price of grains is down. Farmers are seeking storage space to hold grains until prices rise again, Mr. Sinclair said.

Livestock farmers will profit from lower feed prices of grain. The price of pork and beef is down right now. "There is a lot of cattle around in relation to the demand," he said.

Interest rates lower than last year's have not significantly affected farming. "They have been static all summer and there have been no major surprises," Mr. Sinclair said.

Each year thousands of Canadians die in traffic accidents and tens of thousands are injured. If you arrive at the scene of an accident, would you be able to help?
