

# HEART AND STROKE FOUNDATION OF ONTARIO

# 1986 HEART AND STROKE FOUNDATION OF ONTARIO

Can you name the number one cause of death in Canada? It's not accidents. And it's not cancer. By far, the leading cause of death is heart disease and stroke. That's why the Heart and Stroke Foundation of Ontario needs your support . . . to continue research into the causes of heart disease and stroke. We've come a long way in recent years. Since 1955 over one hundred thousand people have lived because of research. But we need to save more lives.

**GIVE TO THE RESEARCH THAT SAVES LIVES  
GIVE TO THE HEART & STROKE FOUNDATION**
