Turning point

By PAT WOODS
Herald Special

Many members of the Physically Handicapped Citizens Association were present April 21 to help celebrate the second anniversary of the self-help group.

Guest speaker Pamela Caine Stokes, Chairman of the Oakville Committee for the Physically Disabled gave an inspiring talk on the importance of getting together, sharing information and support. She stressed the necessity for the disabled to involve themselves in the education process to bring about change.

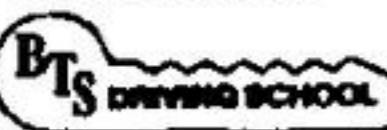

She felt the "year of the disabled" marked a turning point. It gave people with disabilities some sense of pride, more laws and a chance to speak up. If the disabled are to change the minds of decision makers, it is up to them to do so.

During the evening the winners of the recipe contest were announced. They are: Mr. R. Kiepara of Georgetown for his unique entry of cabbage soup, and Mrs. B. Scopelitis of Halifax, Nova Scotia for the best entry in the traditional category. Each will receive a free recipe book.

Legion Ladies Auxiliary

By MID BRUNSKI
Herald Special

Sat. April 19 saw three of our ladies honored by the presentation of the jubilee medal. This award can only be presented by the branch, and was struck this one time only for the jubilee year. It is given for long and extraordinary service for the auxiliary. It was a most memorable affair, as the McCartney brothers, Bruce and Dennis, accepted on behalf of their mother Aleda who is one of our remaining charter members, as is Lillian Roney of Napanee whose award was accepted by our president, Flo Carswell.

Jessie Hayes was given a private presentation at her home by the branch president Norm Ward the following day. Jessie has worked so diligently for the branch, auxiliary and the town through the years and most particularly for kids hockey. Congratulations Jessie, and also to

our two charter members.

Sat. April 26 saw provincial bowling in Georgetown. The day was a huge success, thanks to Hazel Dumper and her sports enthusiasts. Hazel once more is to be congratulated on her expertise in the field of organization, and the sportsmanship she is able to elicit from the ladies who participate in sports for the auxiliary. The job of sports officer is a demanding one and without the help of the various members of the teams it would be most difficult.

The following teams are the winners in provincial bowling: Port Credit 1st, with Muriel Peck, Susan Majeau, Jannett Masaro, Audrey Gallant, Barbara Roy and Sybil McLure; 2nd place went to Waterloo and 3rd to Greely; our own team from Georgetown came in 11th and we are proud to give them honorable mention so to Hazel Dumper.

Leanne Hall, Marion McGugan, Barb Burns, Monica Southon and Ann Nicholson well done, we are proud of you all.

Remember ladies, May and June are the busy months for our banquets. Please don't hesitate to offer your help, and save the telephone committee some precious time.

Good wishes to all our shut ins and those in hospital. Any lady who finds it difficult to get to meetings and would like help in this area, please call me and I will endeavour to arrange transportation, 877-4225.

A TIDY CAR SUNROOF IS GUARANTEED FOR LIFE. HERE'S WHY.

- The Outer Seal.** Tidy Car sunroofs use a special closed cell foam gasket guaranteed to prevent leakage for as long as you own your car. This gasket forms an airtight, watertight seal even on vinyl roofs.
- The Inner Seal.** Tidy Car's unique inner seal is a patented compound that will not bond to glass like rubber gaskets. It will not wear away. It will not leak.
- Solar-Tinted Glass.** Tidy Car's solar-tinted glass provides a shield against direct sun light and reduces your car's interior heat.
- The Latch.** Tidy Car sunroofs use only one large latch, allowing one-hand operation for convenience and safety. Most models feature a multi-position latch for controlled, no draft ventilation.
- Glass Removal.** Tidy Car sunroofs offer complete removal of the glass if desired. There are no pins or bolts to remove or store. And once glass is removed, there are no hinges or latches left hanging to interfere or pose a hazard.
- Inside Trim.** Tidy Car sunroofs are professionally installed with no screws or fastening devices left exposed. They have been designed to present a low, clean, original equipment look and feel inside and out.
