RECREATION NEWS BRIEFS

Lights! Camera!

This year the recreation and parks department is offering two new programs for budding young actors and actresses. Theatre Camp is going to run in Georgetown at the cultural centre from July 28 to August 15. This camp, featuring workshops including mime, improvisation, movement and voice, will be conducted by accomplished theatre instructors.

If being a movie star is more appealing, the recreation department is offering a Make a Movie Program at Robert Little Public School in Acton. This program will run from Aug. 5 to Aug. 15. During this two week session, the children will visit the Halton Cable Systems Co. and learn about lighting, filming and acting in a TV studio.

Leadership

The recreation and parks department is once again offering a wide variety of summer programs for children of all ages. The programs begin June 30 and registration is under way.

The Leadership Development Program is offered for the older participants. This program gives individuals the opportunity to build their qualifications for any future employment.

The Leader in Training (L.I.T.) program is for 12 and 13-year-olds. The program involves one week of theory (July 7 to 11) and 70 hours of practical training.

Applications can be picked up at 25 James Street (Georgetown) or 40 Mill Street East (Acton).

Herald picture parade

Teachers and parents filled their car trunks with goodies Saturday morning and parked them at the McKenzie-Smith Public School in Acton. It was a "trunk sale" to raise money for student field trips and other school needs. Adam McNabb, 8, (left) of Oneiph joined his buddy David Penock, 9, of Georgetown for the sale. (Herald photo)

Brownies of the 7th Georgetown East troupe and a guide received recognition May 27 at Centennial Public School. It was the night of the Brownie "fly up", when Brownies became Guides. Seen here are (front left to right) Jenny Pepperal, Robin McNelly, Guide Heather McNeil, Penny Martin, (back left to right) Laury Wyman, Amy Sargent, Allison Jones, and Carolyn Lake. Guide Heather McNeil completed the three year Pathfinder program and earned her Canada Cord, the highest honor a Pathfinder can earn. (Herald photo)

It's water safety week and Mayor Russa Miller, Maureen Corbett (centre) and Arlene Finlay got together for a picture before the water safety flag was hitched to the town's Trafalgar Road flagpole. Maureen is manager of the public awareness and water safety (PAWS) program, and Arlene is a representative of the Georgetown Red Cross. (Herald photo)

Pictured here from top to bottom are Steve Pallichuk of G/S Television, Marc Bertrand. The Herald's classified ads manager and recent movie madness winner Lorna McCashev of Delrex Boulevard, Georgetown. (Herald photo)

Count the chickens

As the farm sector moves further into the age of increased technology and computer-based information systems, farmers and farm organizations will need greater access to data for farm management and marketing decisions. The Census of Agriculture is the cornerstone of the agricultural statistical system in Canada. In supporting the 1986 Census, farmers will be helping to ensure accurate and well-informed decision-making for the future, whether at the individual farm level or for Canada as a whole.

Farm cash receipts from poultry and eggs in 1985 were \$1,392,036 or 6.9 per cent of the total cash receipts from farms in Canada. With the recent chicken "nugget" revolution, who knows what the 1986 Census will reveal.
