### Hall renovations

**NORVAL**-The old parish hall in Norval, now the Elk's Hall, has been closed for many years. The hall has been leased by the Elk's Lodge and they have completely renovated the building.

Mrs. J.E. Maxwell was reminiscing at the 150th anniversary of the post office in the Hall last Sunday. Her father Charlie Coupland and Walter Brain cut the logs in Brain's bush on the 10th Line, now owned by Ernie Alexander.

Her brother Warwick drew the logs to Archie Fuller's saw mill on Mississauga Road. The lumber was used to build the hall and many hours of work went into the building, before the hall was completed in 1926-27.

## Farmers can't plough fields in their minds

By WINIFRED SMITH  
Herald Correspondent

**BALLINAFAD**-The Women's Institute October meeting was held at the home of Ada Kirkwood Oct. 1. Ten members answered the roll call which was "a way to make your head save your heels".

Four members were absent and there were two visitors. The president Eleanor McLean occupied the chair and welcomed all with an appropriate reading.

New business consisted of picking delegates for the area convention which will be later this month. Also, it was necessary to get the number of members who will attend the

euchre party as guests of the Ashgrove branch at their church hall later this fall.

Ada Kirkwood reported on the tea party she and Betty had attended for the two retiring board members in August. Betty Koperdrad was the secretary for this meeting due to the absence of Eileen Burt. She carried on with the remainder of the program.

Ada Kirkwood gave the motto which was "get started, you cannot plough a field in by turning it over in your mind".
