

Herald picture parade

Glenda Wood and her daughter Lyndsay, 4, were busy experimenting with the paints at the Maple Avenue day care centre open house recently. Parents were invited to the centre to see some of the activities their children participate in during the day. (Herald photo)

Here's a shooter's perspective on the rink as Sil Sanna releases a rock. Chris Clarridge and Edgar Thatcher are the sweepers. (Herald photo)

Haltom Chairman Peter Pomeroy (left) receives a token of appreciation from Victorian Order of Nurses Haltom Branch Executive Director Margaret MacLeod. The presentation marks the VON's 90 anniversary in Canada. VON Week is being marked January 25 to 31 across the country. (Photo submitted)

McHappy CAS

Ron Coupland, Executive Director of the Halton Children's Aid Society presented McDonald's Area Manager, Glen Steeves with a recognition plaque Jan. 23 in appreciation for their donation to the Agency in 1986.

April 2, 1986, area McDonald's restaurants raised \$2,627.29 during McHappy Days. McDonald's donated the funds to the agency's Volunteer Incentive Fund which is

administered through the Agency's Board of Directors.

The funds were allocated to Life Skills House in Burlington, a group home which houses teenagers who are moving to independence. The program assists young people in developing the necessary budgeting, career planning and meal preparation skills to move to independent living after foster or group care.

Specifically, the funds were used to purchase carpeting, beds and bedding, a washer and dryer and other furnishings for the house.

Seniors may be receiving free service for teeth

Seniors may soon be getting free dental care, thanks to the federal government.

A regional report says the federal funding is the bonus Ontario gets for passing the ban on doctors' extra-billing last year.

A senior dental consultant with the Ministry of Health says Ontario plans to channel the federal health dollars into free dental coverage to seniors who are homebound, live in long term care facilities and seniors' homes.

Dr. Ryan speculates that the province will make this announcement prior to April 1.

Right now, only Alberta and the Yukon Territory have dental care programs for seniors. Children are also covered in the Yukon.

In all provinces and territories, dental care is provided for those on social assistance, with the province and federal governments splitting the tab 50-50.

With Premier David Peterson's announcement, seniors will be able to have their teeth checked once every two years, their prosthetic appliances cleaned, and receive a fluoride application and dental health seminar.

Open invitation

An open invitation has been extended to all parents of present and future students of Bishop Reding Secondary School.

There will be a meeting Feb. 4 at 7:30 p.m. to talk with senior staff, trustees and local politicians to discuss the future and long range plans of Bishop Reding at the school gym.

Honorary elder

NORVAL-The annual meeting of the Norval United Church was held Sunday following the morning service. Following a pot luck dinner, business of the past year was discussed and reports heard. Kate Laidlaw was appointed an honorary elder and Jean Dunlop and Gail Robinson were appointed as elders.

Dogs poisoned

Several dogs have died as a result of ingesting poison in York Region recently. The poison was placed in the area east and west of the CP Railway bridge, just west of Islington Avenue N and south of Highway 7.

Few too many poisons are carelessly spread by individuals and corporations. Usually, these poisons are distributed for reasons other than harming animals. However, often the result is tragic - ending in an agonizing death for unfortunate animals.

While the majority of poisons are not spread intentionally to harm animals, there are mentally unstable people who deliberately place poisons for the sole purpose of harming animals. This act is a criminal offence, although proving it is a very difficult task.

The best way of dealing with problems of this nature is to educate pet owners as to the dangers to their pets and to keep their pets under control. Dogs should not be allowed to run at large. When going on walks, dogs should be kept on a leash.

HEALTH TIPS

Non-alcoholic

During the past year, the Hamilton Automobile Club has given out thousands of its First A Friend...Then A Host non-alcoholic party recipe booklets containing award winning punches.

To enhance your party, drop by your nearest HAC office and pick up your non-alcoholic recipe booklet free of charge.

Asthma control

There are no wonder drugs to cure asthma. But there are medicines which help to prevent and control asthma symptoms. New asthma medicines developed in recent years have changed the lives of millions. Don't suffer needlessly by failing to use medicines that can help you keep well. Contact The Lung Association Halton Region at 622-9499 for information on the Family Asthma program, or a copy of "The Asthma Handbook"

Bible thought

he went a little farther, and fell on his face, and prayed, saying, O my Father, if it be possible, let this cup pass from me: nevertheless not as I will, but as thou wilt." Matthew 26:39

Don't forget this. Jesus loved you so much that He voluntarily gave His life for you on the cross. "Jesus loves me, this I know, for the Bible tells me so."
