**RCA STEREO  
FM/AM RECEIVER  
IS SO GOOD  
THAT YOU'LL  
USE THE  
\$25.  
REBATE**

The heart of the digital command audio system. Incorporates microprocessor intelligence to pass along remote commands to all audio components. Use the same infrared digital command center that operates many RCA color TVs and VCR's. Other deluxe features include: electronic volume and balance controls; 5-band graphic equalizer; 16 pre-set AM/FM stations; loudness compensation & Quartz tuning.

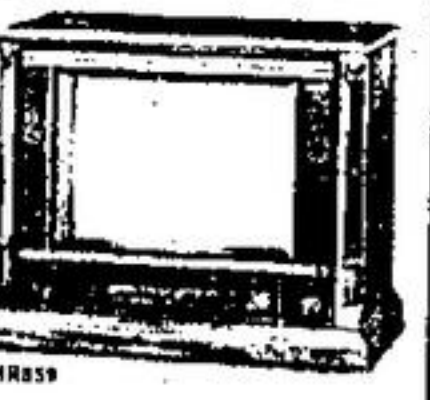

This RCA monitor receiver has a broadcast stereo sound system that will bring you to your feet. And the \$50 rebate will bring a cash to your pocket. This 21" TV also includes an RCA Digital Command remote control, a stereo audio video pack panel, and a separate color picture tube.

**RCA HAS A  
TRADITIONAL  
\$125.  
REBATE  
THERE ALSO IS A  
CONTEMPORARY  
ONE.**

Both are 28" consoles with square corner picture tubes. Both feature an RCA Digital Command remote control that can operate the TV and a compatible VCR from across the room. And both have a broadcast stereo sound system with 2 8" high compliance speakers and separate amplifiers.

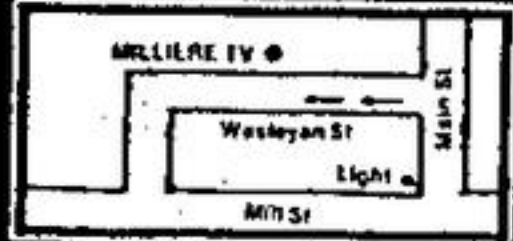

Traditional or contemporary cabinet? Both are exceptional. And, the rebate is exceptional, too.
