## Follow the Leader

To discover the hidden message follow the line. As you come to each letter, write it in the appropriate blank.

## Low Score Wins

The object of this game is to get as few points as possible. Fill in the blanks as needed to make 10 different words using the letters given. Try to make the words short since you get one point for each blank you fill. The only blanks you have to fill are those between the letters. Add 7 points to your score each time you are unable to make a word from a pair of letters. Our score was 20. See if you can get a lower score.
