

## OUTDOOR POWER EQUIPMENT

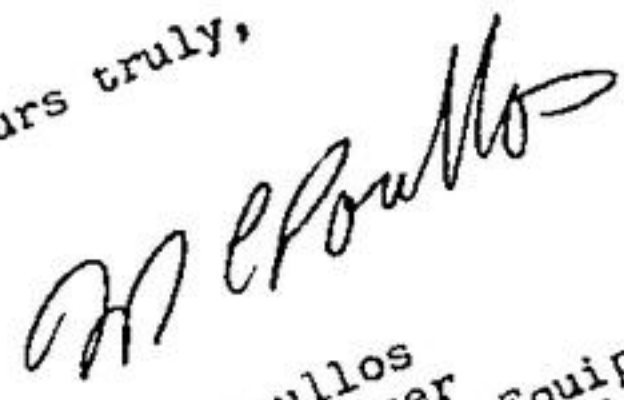

Pam Lowes,  
Advertising Representative,

Dear Pam:

This is a short note of thanks for helping make our advertising a pleasure instead of a necessary chore. When deciding to advertise we were really pleased to choose the Herald because it covers all of Halton Hills with more than 14,000 copies being delivered Wednesday mornings and the Outlook paper being delivered Friday afternoons giving us a Saturday selling day. Your professional training helped us create ads that got results.

Thank you for getting our message out to all the residents of Halton Hills letting them know about our sales, service and parts for Nissan Marine, Husqvarna, Bolens and Ski doo. People are now thinking of Outdoor Power Equipment for their power equipment.

Yours truly,

Mark Poullos
