

UCO

UNITED CO-OPERATIVES OF ONTARIO

Dear Neighbours:

AH SPRING, when from under the blanket of winter's snow there appears the remainders of all the jobs you meant to finish last summer. Spring, when we deny our fancies and survey the backyard.

Why not be prepared this year to accomplish the many necessary jobs which present themselves.

Uncle Bob, our resident gardener, will gladly outfit you with quality co-op products and helpful gardening tips. Want to toss around some of your landscaping ideas -- Uncle Bob is your guy.

Consider also our pressure treated pine products for your projects. How about confining the garden or drive or enhancing your property with a deck for enjoyable summer time barbecues with friends. Or how about an arbor or gazebo to relax in on cool summer evenings.

How about it? Why not come on in and introduce yourself. Sharpen your pencils (and we'll sharpen ours) and present us with your plans and questions. We will assist you with estimates and help create an outdoor haven right in your own backyard.

AH SPRING, -- don't you just love it.
