It was local government week across Ontario and politicians didn't pass up on the opportunity to let people know what their government does for them. An open house was held April 15 at Centennial Public

School. Seen here looking over plans of the new municipal complex are: (from left) Councillor J.H. Howman, Coun. Al Cook, resident Marg Vint and resident Fraser Robin. (Herald photo)

Host families are wanted to house foreign pupils

ASSE International Student Exchange Programs is seeking local families to host Scandinavian, French, Spanish, German, Dutch, British, Swiss, Australian and American boys and girls, 15 to 18 years of age, coming to this area for the upcoming high school year. These personable and academically select foreign exchange students are bright, curious, and anxious to learn about this country through living as part of a family, attending high school and sharing their own culture and language with their newly adopted Canadian family. The exchange students arrive from their home country in August and return at the end of the school year in June. Each ASSE student is fully insured, brings his or her own

personal spending money and expects to bear his or her share of household responsibilities, as well as being included in normal family activities and lifestyles. The students are fluent in English, well screened and qualified by ASSE. Families may select the youngster of their choice from extensive student applications, family photos and biographical essays. Students and families are encouraged to begin corresponding with one another prior to the student's arrival. Families who would like to share their lives with a foreign teenager and experience the rewards of this enriching opportunity should contact ASSE's local Representative.

Prizes from the milky way

"Put it on, please! No don't take off your clothes!" Tortured students watched with tears in their eyes as Mr. David Sale, music teacher and band leader went crazy and began stripping at the Acton high mini-concert last Friday.

of perseverance, dedication and creativity and are finally beginning to pull the loose ends together."

O.K. I lied. Actually Mr. Sale merely shed his outer apparel down to a pair of sunny shorts and a Hawaiian shirt, just in time to leave for his wonderful trip to Florida. The band played to an appreciative audience and everybody was surprised to see how white and skinny Mr. Sale's legs are. In other action around AHS, Acton welcomed Barbara Coloroso for an evening of laughter and learning. The audience seemed to appreciate Ms. Coloroso's candid ideas and realistic views. It also seems as if Ms. Coloroso knows all the teenagers' best tricks and cons. (They're on to us!) Some counter-strategy is definitely required. The Great Milk Contest had more lucky winners this week. Trevor DuBruyn won a tote bag, Jason Ash won the CBS album-choice and Stacey Perry won the telephone. Mr. Goring won a milk T-shirt, (fixed!) Joanne Lewis won a ruler-calculator and Brad Demone won a milk painter's cap. Congratulations winners.

Preparing for spills

Toxic spills are a risk Halton Hills must prepare itself for, warned Coun. Norman Elliott last week. Fortunately spills haven't been serious in the region, so far, he said. "It seems hardly a week goes by and there's not a spill somewhere. Halton has to keep this in mind when dealing with the training requirements of the fire department," Coun. Elliott said. The Region's four municipalities contribute about \$30,000 annually to Halton's "spills response emergency reserve fund". The fund was started up last year. Last

year, nearly \$10,000 was spent on cleaning up spills in the Region. Spills ranged from gasoline, oil, hydrochloric acid and even blood.
