This is a good opportunity to learn some basic western riding skills including how to groom, saddle and ride a horse.

Pre-registration is important - so call the recreation and parks department today at 877-5185, ext. 260.

## Area fishing spots prepare to open

Trout season returns to the Toronto region on Saturday, and there are plenty of good fishing opportunities at five Metro Region Conservation areas.

Glen Haffy, on Airport Road, just south of Highway 9 and Mono Mills, is a favorite spot for Toronto anglers. It features two ponds which are well-stocked with rainbow trout. Bait, picnic areas, a refreshment booth, and group camping are available.

This event, hosted jointly by the Clivian Club of Oakville and the Briarwood Inn Oakville, is open to all handicapped children from the Halton region. Although called a fishing derby, all participants will be winners, taking home prizes donated by local merchants and individuals concerned with the welfare of the handicapped.

Members of the Oakville Rod and Gun Club will work alongside sports personalities, local politicians and other community leaders to make this a memorable day indeed. Entertainment and a barbeque will complement a day of family and community involvement.

The Briarwood Inn is located at 360 Iroquois Shore Road, Oakville. For further information, contact Ms. Janet Cameron, 845-7561 ext. 626.

The Glen Haffy Extension also features two ponds, which can be reserved by groups for the day. A cabin and rowboats can be rented.

Another popular spot is Heart Lake, near Brampton. It is stocked with rainbow trout, bait can be purchased, and boat rentals are available.

A third west-end fishing hole is Albion Hills, on Highway 50, north of Bolton. It has rainbow, brook, and brown trout, as well as picnicing and camping.

Anglers between the ages of 18 and 64 must have a resident sport fishing licence, except for those with physical disabilities. Licenses are available at Ministry of Natural Resources district offices and private issuers.

The Metro Region Conservation Areas open at 8 a.m. during the first weekend of trout season. After that, the hours are 10 a.m. to 8 p.m.

### Why not consider working with the recreation and parks department as a park attendant?

We are seeking a mature, responsible adult to occasionally work evenings and weekends at the Georgetown Fairgrounds or at Prospect Park, Acton - May to September.

Responsibilities include keeping the parks clean, helping us keep records on sports field use and acting as a good will liaison between the field users and our department.

This is an extremely important service that we offer our community groups and if you are interested in becoming involved we would encourage you to contact our office at 25 James Street, Georgetown, between 8:30 a.m. and 4:30 p.m., Monday to Friday or call 877-5185 ext. 260.

### SENIORS PROGRAMMING ON CABLE.T.V.

Halton Cable Systems has made some preliminary contacts with the recreation and parks department regarding the possibility of starting up a weekly TV program dealing with the issues and concerns important to the older adult.

Our hope is to involve seniors in every aspect of this program right from hosting, programming and directing to prop design and operation of the cameras.

If you think you would be interested in finding out more about this program please call Jeff Bliton at 877-5185 ext. 262 for more details.

### INSTRUCTORS NEEDED SHARE YOUR EXPERIENCE

The Recreation and Parks Department is continually looking for new and creative program opportunities.

In the past year we have offered new programs and workshops on topics such as Interior Decorating, Cooking, Fishing, Horseback Riding, Juggling and Ballroom Dancing but often we have problems in providing new programs because it is difficult to find qualified people to instruct.

If you have any program ideas or talents you would like to share with others, please notify the Recreation and Parks Office at 877-5185 ext. 260.

They would also like to hear from anyone who might be interested in helping out with the organization of the league.

The proposed league is planned to run during the months of July and August.
