Anyone out there care to share their experience

The Halton Hills recreation and parks department is continually looking for new and creative program opportunities. In the past year new programs and workshops have been offered on topics such as interior decorating, cooking, fishing, horseback riding, juggling and ballroom dancing but often there are problems in providing new programs because it is difficult to find qualified people to instruct.

If you have any program ideas or talents you would like to share with others in the upcoming fall, please notify the recreation and parks office at 877-5185 ext. 260.
