Mothers

(Continued from page 1)
December, 1912 she incorporated herself as the Mother's Day International Association.

—Politicians were willing to take a firm position in favor of motherhood and on May 10, 1913, the House unanimously passed a resolution to make the observance of Mother's Day official. The President and all other officials of the Federal Government were required to wear a white carnation (Anna's mother's favorite flower) on the second Sunday in May in observance of Mother's Day. And it wasn't long after that Canadians joined in the spirit of this special day.

—Anna hoped this declaration would inspire gestures of love and affection: a card or letter to mother, a carnation in the lapel - mementos that enable "rich and poor alike to keep the day dedicated to the being whose name is first lisped by a little child and the last whispered by the dying soldier, 'Mother'."

AROUND THE WORLD
—In India, Mother's Day was established as a memorial to the wife of the political and spiritual leader Mohandas K. Gandhi. Celebrations are held on February 22.

—Other countries that observe Mother's Day include Afghanistan, Costa Rica and Spain.
