

Hotline back

The Hamilton Automobile Club's Gasoline Hotline is now back in full operation. The Club monitors gasoline prices throughout its territory and reports the best gasoline buys. This is a random sample of over 200 service stations participating in the program. Information is compiled shortly after stations open at 7 a.m. This report is available to motorists by 9 a.m. A more comprehensive report is prepared for 12 o'clock noon. The gasoline hotline number for

Oakville and area prices are available on the HAC Gas Hotline at 845-1990. Club President, A.U. Oakie said, "During the past few months, the Club has received numerous requests to operate the program again this summer. We believe motorists should be aware that all prices are not the same, and with the extremely high cost of fuel, here is a chance for the public to save."
