

Campers asked for feedback

What do the thousands of campers, hikers, picnickers, and others who use Ontario's provincial parks each year think of them? That's what the Provincial Parks Council, a citizens' advisory committee that reports directly to Natural Resources Minister Vincent Kerrio, will be asking the public this summer.

The council will distribute a comment card that covers everything from how friendly parks staff are, to

the enforcement of park regulations. Besides users, the big beneficiaries of the review will be MNR parks staff who are always looking for new ways to improve services, facilities and programs.

Among other things, the council will ask the public to comment on the following: the need for the alcohol ban in selected parks on May weekends; facilities, such as picnic tables, electrical hook-ups, washrooms; outdoor skills training; evening programs; parks staff hospitality; the campsite reservation service and the suitability of information that's available about parks.

Parks staff will distribute a brochure to park visitors which includes a comment card that can be mailed to Lloyd Burridge, Chairman, Provincial Parks Council, 2450 McDougall Street, Windsor, Ontario N4X 3N5. The public may also comment by telephoning the council's Windsor office at (519) 255-6731.

In addition, the council will be visiting a number of provincial parks this summer in order to meet directly with park users. The schedule is as follows: July 23 - Kettle Lakes Provincial Park; July 25 - Lake Superior Provincial Park; August 19 - The Pinery Provincial

Park; and August 21 - Sandbanks Provincial Park.

The deadline for submitting comments is September 15, in order for the parks council to submit a report to the Minister by Oct. 31. That report will be made public later in the year.

The Provincial Parks Council is an eight-member citizens' advisory committee that reports directly to the Minister of Natural Resources on matters related to Ontario's provincial parks.

Hiking program offered

A hiking trip is planned for young people 13 to 18 years of age. Ten to fifteen people will have the opportunity to participate in a five day hiking program.

The first two days will involve teaching some basic hiking skills and trail safety at the Limehouse Public School. This school is nestled near the Bruce Trail and the remains of an old limestone quarry where the participants will spend

some time on the trail. The last three days will be spent at the Rockwood Conservation Area where the participants will spend some time on the trail.

The last three days will be spent at the Rockwood Conservation Area where the participants can put their theory into practice. For more information call the Halton Hills Recreation and Parks Department at 877-5185 ext. 275.
