**VIDEO BEAT**  
Tuning in to rock

Ethlie Ann Vare  
**'Comeback' kid**

Singer-songwriter Dan Hill was a major star in Canada before he grew out of his teens. He was barely 22 when his plaintive ballad "Sometimes When We Touch" went top 10 around the world and earned him a Grammy nomination in the United States.

Then, thanks to the usual combination of bad timing, bad luck and bad business by a now-defunct record label, Dan Hill disappeared, relegated to music's "one-hit wonder" file.

Now Dan Hill is having his own comeback, marching up the top 10 once again with the optimistic love duet "Can't We Try" with Vonda Shepard. Another ironic touch to the story is that the resurgence of his recording career will lead to a reissue of the book that foreshadowed it.

"Writing that book was a catharsis for me," says Hill. "Even my parents were shocked at the amount of rage

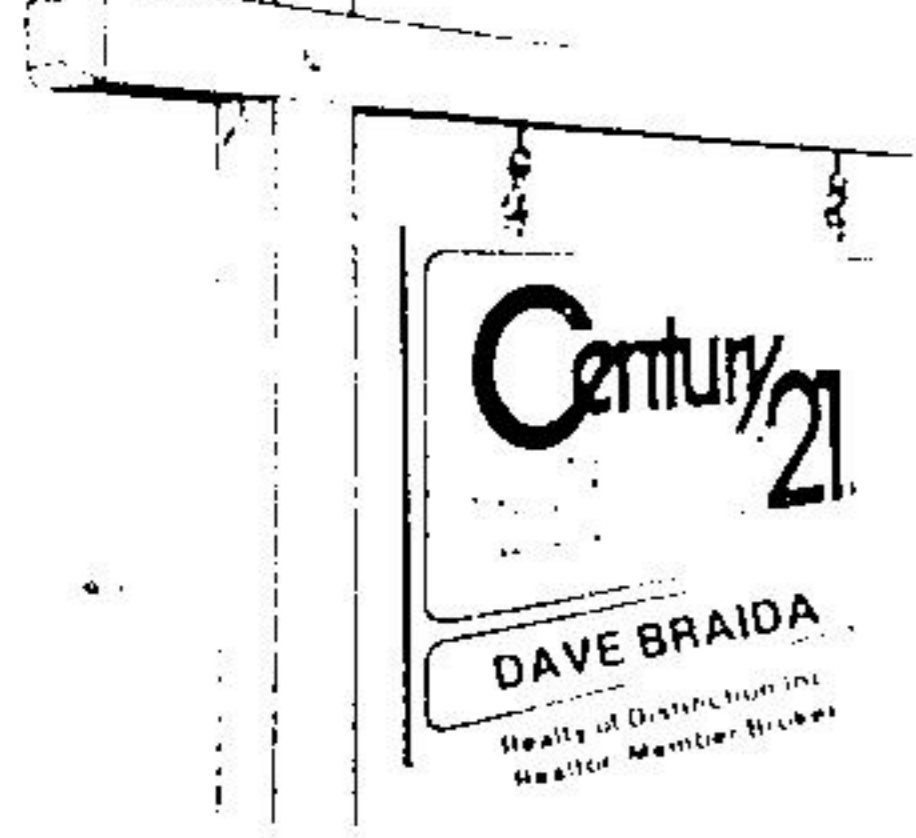

that was smoldering in there. Afterwards, I felt renewed, purged. I went back to songwriting with new vigor."

"I didn't want to go through life as 'Mr. Sometimes When We Touch,'" says Hill, now 33. "I was frustrated and bitter. I was burnt out. It was either get addicted to drugs or write a book."

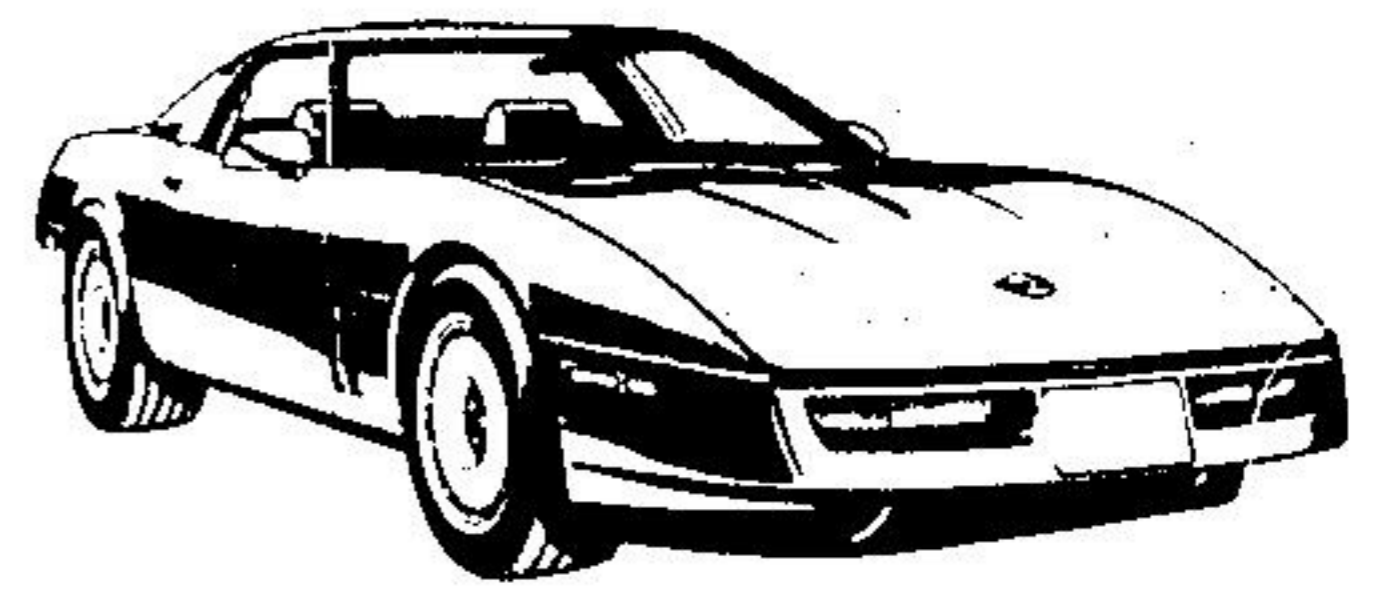

He wrote a book, "Comeback," published in Canada in 1983 and well received by the public, is possibly the best novel ever written about the record industry.

A thinly veiled autobiography, "Comeback" chronicles the overnight rise and abrupt fall of a young singer-songwriter whose career is ironically revived by the publicity of his scandalous arrest and trial. The plot is familiar, but the honesty of characterization and detail are exceptional.

THE SIGN OF A WINNER.
