OPEN PLAN INVITES CASUAL FAMILY LIVING

Spindle railings, bay windows and turned posts lend charm to the exterior of this well appointed 1,860 square foot home. A covered verandah leads to the front entrance foyer, which is dominated by a sweeping open staircase. To the right, a living/dining room combination offers ample space for formal entertaining. An optional bay window may be added to the living room. The informal area of the home centres around a bright kitchen/dinette and adjoining family room. The open plan layout of this area promotes a sense of spaciousness and allows the cook to keep an eye on family room activities. A secondary entry from the double car-garage through a handy main floor laundry room provides a direct route to the kitchen for unloading groceries.

The staircase ascends to a gallery which views the foyer below. The expansive master bedroom boasts a front view bay window, dressing room with mirrored closet doors and three piece ensuite with shower. Two additional bedrooms share a full bathroom with raised soaking tub.
