

CO-OP

DON'T HIBERNATE THIS WINTER

DEAR CUSTOMERS

Why spend another cold and cranky winter just bundled up and waiting for spring. Now's the time to consider that seasonal favorite, that truly Canadian, heated hobby called "fixin' up the basement".

So to add a little incentive, we've got some great savings on in-store merchandise to get you started.

And to help keep you moving through the long, long winter, we can supply materials for enough projects to last till the groundhog comes up next spring

We carry insulation and drywall, electrical and plumbing supplies, Co-op paints and interior stucco. We have doors and trims and shelving and ceiling tiles. There's tileboard panels for finishing off the laundry room, and plywood and pegboards for the workroom. Panelling for the rec room and decorative trims for the halls. Levels and hammers and saws and screwdrivers, staplers and sanders, and so much more.

So before you get too comfortable in that old easy chair, consider the joy in a job well done, consider the challenge, and consider the season ahead.

We've got the goods, to get you going.

Thanks again.

Connie,
Andrew,
Dan

CO-OP FARM & HOME CENTRE
