

Letters to Santa

Dear Santa,
Hi! My name is Bradley Doernbach, and I'm only 3 months old. How are you and the Mrs.?
Since this is my first Christmas, I will take almost anything. A couple of cars and trucks would be nice, for when I get a little bigger, because I'm growing very fast. A musical teddy bear would be nice so I could listen to the music. Have a safe trip Santa! I will be looking for you. My sister Jodi-Lynn is leaving a treat for you and the reindeer.
Bradley Doernbach
P.S. Santa, could you bring my sister a new doll, to hug and kiss then maybe she will leave me alone. Thanks.

Dear Santa,
I have enclosed my list for Christmas. I know I can't have everything but please may I have a skateboard.

Dear Christopher,
My you have a long list. You must have been researching your toy list well from all those television commercials and department store catalogues. My elves will get work-

ing on your requests right away. Phew! They're going to be tired, though. They'll be ready for a vacation! If a skateboard is your most precious request, we'll do our best, but we can't make promises about toys here at the North Pole.
Best wishes,
Ho, Ho, Ho, Santa Claus

Dear Bradley,
Oh, how I envy you on your first Christmas. You'll have lots more ahead of you and each one gets a little more special than the Christmas before.
I get lots of requests for cars and trucks so our special elf car line is kept very busy all year long.
Musical teddy bears used to help me get to sleep at night when I was your age. Mrs. Claus is making me a special drink this year to keep me warm on my trip from the North Pole but I'll sure be ready for a treat.
Merry Christmas,
Santa

P.S. We'll have to see what we can do about your sister. But I doubt even a hug a bunch doll would make her stop hugging you.

Dear Santa,
How are you and Mrs. Claus? For Christmas, please could I have a cornsilk cabbage patch with a pink dress on and blonde hair, a Perfection game, Slinky that goes downstairs, and a Fun to Bake Oven. My sister, Ashley and I will leave you some milk and cookies and some carrot sticks, for Rudolph. So, be sure to look in the kitchen before you leave.
All my love,
Paige Killeck,
Rosemary Rd., Acton

Dear Paige,
I am fine, but Mrs. Claus has a touch of hayfever and she's afraid one of the elves will give her the flu. But the reindeer and I are healthy and exercising daily for the rough night ahead of us, Christmas Eve. Rudolph says thanks for putting out some carrots. Please don't peel them, he says. (P.S. He and the other reindeer also like walnuts and raisins - just a hint).
The best to you and your family,
Love Santa Claus
