Romantic folklore that continues to delight

Superstition and folklore have long been associated with love and romance. In ancient times, charms, magic potions and other supernatural or magical forces frequently were employed as a way of trying to control one's destiny—especially in matters of the heart.

Love Potions: A Book of Charms and Omens (Salem House Publishers), written by Josephine Addison and illustrated by Diana Winkfield, relays to the reader a variety of ancient love potions, incantations and beliefs in a way that is at once whimsical and informative.
