NOTICE OF PASSING OF A BY-LAW

TAKE NOTICE that the Council of the Corporation of the Town of Halton Hills has enacted By-law 88-7 to designate "Craiglea", located on property described as Part of the northeast half of Lot 9, Concession 3 (formerly Township of Esqueping) on the west side of the Third Line between the Fifth and Tenth Sideroads, as being of architectural and historical interest under Part IV of the Ontario Heritage Act.

REASONS FOR DESIGNATION

Craiglea is recommended for designation for architectural and historical reasons. Built before 1861 of clapboard in the Classical Revival style, Craiglea exhibits its stylistic elements with a Doric-designed main doorframe, gabled roof with cornice returns, centre hall plan with Classically detailed door, window and mantelpiece trim in the front two parlours and symmetrical arrangement of its multi-paned front windows. Many of these panes are the bubble blazed, original panes dated from the construction of the house.

The Crown granted this property to John Stewart Sr. in 1819. John Stewart Sr. became a warden of Esqueping Township at the first Township meeting in 1821. John Stewart Jr. was a supporter of William Lyon MacKenzie who stayed at the Stewart farm in 1837 and addressed a crowd on the property.

DATED AT HALTON HILLS THIS 27th DAY OF JANUARY, 1988.

No one will pay road upgrading

Halton Region and the Town of Halton Hills can't decide who should pay to upgrade a portion of Winston Churchill Boulevard between Steeles Avenue and Highway 401. The interchange at Winston Churchill Boulevard and Highway 401 is nearing completion and Halton Region has agreed to assume responsibility for that portion of Winston Churchill once the Town of Halton Hills and the City of Bramp-

ton upgrade the road to Regional standards. About one kilometre of the road needs upgrading which will cost between \$300,000 and \$600,000 and the Region wants those repairs done by the Town before it takes over responsibility for the road. Halton Hills Mayor Russ Miller said the road is actually a Regional road because it is used by vehicles travelling to and from different

areas in Halton. Coun. Pam Sheldon said the Town likely won't fix the road. "If the Region wants to assume the road after the Town has upgraded it then I'm afraid it's going to be a very long wait before you assume it," she told Regional councillors Jan. 20. She said repairs to the road are not in the town's forecast.

Creating Non-Profit Housing in Your Community: The Whos, Whats, Wheres, Whens and Whys

In 1989, the Governments of Canada and Ontario together will help in the production of 8,700 new non-profit housing units in communities across this province.

Organizations interested in developing much needed non-profit housing in Ontario should prepare to apply today.

Preliminary deadlines are as early as March 31, 1988.

The non-profit housing units will be funded by the Government of Canada through **Canada Mortgage and Housing Corporation**, and the Province of Ontario through the **Ministry of Housing**.

The program is open to all non-profit housing organizations—municipal, private and co-operative.

Government grants may be available to help local community groups establish non-profit housing corporations.

As well, non-profit corporations may receive financial assistance to secure land sites for their proposed projects.

The program is designed to assist in the development of:

- 1** Housing for those in need.
- 2** Housing for low-income singles.
- 3** Housing for those needing support services.

Preliminary applications for this category must be submitted by April 29, 1988.

A portion of the units will be reserved for low-income single persons.

Preliminary applications for organizations wishing to sponsor such projects must be submitted by April 29, 1988.

A number of units will be designed for people with support service needs.

Included are those with disabilities—physical, developmental or psychiatric; the frail elderly, battered women and other socially disadvantaged persons.

For groups interested in developing this housing, a special orientation will be held in February at each Regional Office of the Ministry of Housing.

Preliminary applications for this category must be submitted by March 31, 1988.

Eligibility depends on the degree and nature of care provided.
