## Royals paced by Big Mac attack

Tim McDonald fired five third-period goals to pace the Bishop Reding Royals to an 8-4 Junior hockey win over Father Michael Goetz of Mississauga at the Georgetown Memorial Arena, Tuesday afternoon.

The Royals led 1-0 after the opening frame, as Chris Burns scored from Chris Leblanc.

The visitors fought back to take the lead in the second with a pair of goals, but Chris Check's goal from McDonald left the teams tied at two heading into the third.

Bishop Reding began to pull away

early in the final period, when McDonald scored a pair of goals to make it 4-2. The first was set up by Burns and Rob Lockhurst, and the other was assisted on by Sean Guistini.

The Goetz squad replied with a goal to close the margin to 4-3, but again McDonald went to work, scoring on an unassisted effort, and then tallying from Burns and Dave Haggerty to make it 6-3.

Father Michael Goetz again scored, but Bishop Reding replied with a pair of markers to round out the 8-4 final.

McDonald scored his fifth from Burns, and then Cabeck tallied from Haggerty and Jamie Gagliardi.

For McDonald it was quite a show. On his own, he actually outshot the entire visiting team 10-9 in the first two periods. Yet all his goals were in the final frame, when he scored on every shot he took.

Final shots on net were 29-22 in Bishop Reding's favor.

The game served as a good tune-up for the royals, who were preparing to host their first Junior hockey tournament in Milton Friday.

A total of 12 teams were slated to take part in the competition, including schools from Mississauga, Guelph, London, Newmarket, Burlington, Oakville, Waterloo, Cambridge, Woodstock, and the host community.

Royals' coach Mike Kelly expected the game Tuesday would help the team head into the tournament with confidence.

"We're going up against a couple of pretty good teams in our pool," he said following the win. "But if we play like we did (Tuesday), we should be competitive."

## Peewees compete at tourney in Quebec

The Mal Dodge ReMax "AA" Peewees participated in the Repentigny "Tiri" Tournament in Montreal last weekend.

The Georgetown team lost both games in the highly competitive tourney but showed great poise in adapting to the non-contact rules of the games.

In their first game against the Cumberland Blues, the ReMax squad found themselves behind the eight-ball early as the Blues scored on their first four shots on goal. Georgetown came back with one goal of their own in the first period as Andrew Elliott scored from the slot late in the period. Ryan Pells and Shawn Curry assisted on the effort.

After a scoreless second period, Georgetown narrowed the gap to 4-3 on Elliott's second goal of the night

from Pells and Kenny Kosziwka and then Kosziwka scored from Andy Elliott.

The momentum was swinging Georgetown's way and they pressed hard for the tying goal. Their efforts were unsuccessful, however, as Cumberland added an insurance goal with only four minutes left to put the game out of reach.

Marc St. Pierre and Tommy Dlardichuk shared the goaltending chores for the Georgetown squad.

In their second game, against a highly rated team from Pointe-Aux-Trembles, Georgetown was shut out 4-0 by the Montreal troupe.

The ReMax squad could not get the puck past Christian Bouchard, despite several close calls. Tommy Dlardichuk made several outstanding stops for Georgetown to keep the game from being a runaway.

## Dinner guest list grows

The list of guests for Monday night's Hockey Heritage Award Dinner at Holy Cross Auditorium, continues to grow.

Dave Kentner, chairman of the Georgetown Hockey Heritage Council received a call from Peter Conacher late in the week, on behalf of the NHL Oldtimers. Apparently Conacher was concerned that the 16 tickets they had spoken for would not be enough, and he made a request for several more.

It seems the wives of several of the players had enjoyed themselves so much at previous dinners, they planned on attending again.

Another call received by Kentner late in the week was from Scotty Morrison, chairman of the Hockey

## Minor baseball call

The Georgetown Baseball Association will be holding its first registration session for the upcoming season on Wednesday, March 9 at Holy Cross School, from 7 to 9 p.m.

Subsequent sessions have been slated for March 22 and 24, at the same times, and also at the school.

Registration fees are the same as last season, with T-ball players paying \$45, and others paying \$50. There is an additional charge for those players who earn a spot with the local rep teams.

After the March 24 registration session, there will be an additional \$10 fee levied.

## Minor hockey

"Quality of Life" is a term often used to describe the collective well being of a community. We all do our share through the payment of taxes and support of local charitable organizations to maintain the "quality of life" to which we have become accustomed.

Over the past number of years many Municipal projects have been supported through the generosity of individuals, service groups, schools, businesses and companies. Some of these projects include the building of the Library and Cultural Centre, the purchase of many creative playground structures, sports field lighting and ice resurfacers, to name a few.

These contributions have enhanced the "quality of life" in Halton Hills by making it an even more pleasant and attractive town to live in.

A municipal project has begun that will be the focal point of our community. The construction of a new Civic Centre on Maple Avenue will be a people place and a credit to our municipality.

The Town of Halton Hills invites you individually or through your community organization or business to consider donating funds and or gifts in kind to our new Civic Centre.

In times of restraint, budgeted funds often provide only for essen-

tial services.

A Civic Centre Donations Program has been developed so contributions can be made towards specific items which are not covered under the construction funds. A list of potential items has been developed which are required for the new centre. The gift list includes such items as objects of art, trees and shrubs for the grounds, drinking fountains, park benches and much more. You may want to contribute a specific item or contribute with others toward a larger item.

While the primary reason for giving will be to contribute to our Community, there are other benefits particularly for individuals and companies. Not only may the value of your gift be claimed as a deduction for tax purposes but for every gift to the Town regardless of size you will receive appropriate recognition and personal satisfaction. Confidentiality will also be respected should that be the wish of the donor.

If you are interested in learning more about the Civic Centre Donations Program please call 877-5185 ext. 211 for more information.

**ASK KATHY**  
 Are You a Calorie Counter?

Actually, the number of calories you consume isn't nearly as important as what those calories contain. For example, if you eat a large portion of your calories in the form of fat and sugar, you might have difficulty losing weight, even on an extremely low-calorie diet. On the other hand, if you eat foods that are nutrient-rich, you will be healthier and more satisfied.

At Diet Center we teach you to count nutrients instead of calories. You will find that you can lose weight, eat more and be hunger-free if you make sure the calories you consume are nutrient-dense. Call or come in to Diet Center today for a free consultation, and find out that counting nutrients instead of calories can change your life!
