## Child Care: Opening New Doors

The availability of quality, affordable and flexible child care is a key to opening up the future for many women in Canada.

The Government of Canada has recognized the importance of accessible child care in assuring women's economic equality by introducing The National Child Care Strategy—a balanced mix of program initiatives, offering a

wide range of choices to women who work inside or outside the home.

Highlights of the program include:

- the addition of 200,000 new child care spaces;
- the creation of a \$100 million Child Care Initiatives Fund for developmental projects for child care and special needs groups;

- the increase of the Child Care Expense Deduction from \$2,000 to \$4,000 for children six and under or with special needs;
- the phase in of a \$200 supplement to the Child Tax Credit for children six and under.

As Minister Responsible for the Status of Women, I invite you to learn how you and your family can benefit from the National Child Care Strategy.
