

Outlook on Halton Hills

NEC dates for public to attend

The Niagara Escarpment Commission has listed its forthcoming meetings.

March 24 the Commission will be in Owen Sound while April 14 it will be in Georgetown at the NEC office on 232 Guelph Street. The May 5 meeting is also in Georgetown at the same location.

May 28 Commission members are at the Royal Botanical Gardens in Burlington and then back to Georgetown June 16. The July 7 meeting is also in Georgetown. Blue Mountain Inn in Collingwood is the site of the July 28 meeting.

Commission meetings begin at 10 a.m. and are open to the public. However, prior arrangements must be made for anyone wishing to address the Commission.

The Commission makes decisions on a wide range of policies and proposals affecting the Niagara Escarpment. Most of these have to do with development permit applications made by landowners.

Single parent?

Are you a single parent interested in attending family activities, dances, discussions, card nights? Join Parents Without Partners. For information call Collette at 450-7962.

Duplicate Bridge

The Georgetown Duplicate Bridge Club played its final match of the spring March 28. The club will resume play again in October.

Winners were: 1. Marg and Harold Robson. 2. Kay and Gloria Coates. 3. Elsie Whitlam and George Farrow.

CHEMICAL CLEAN—UP

This tank containing over 5,000 gallons of Naphtha Petroleum split open when workers were unloading the combustible fuel outside Park Thermal Ltd. on Todd Road early Thursday morning. Most of the fluid leaked out of the tank and clean up crews worked for about 12 hours on the spill. (Herald photo)

ABC meeting

The Association for Bright Children (ABC) - Halton Chapter will hold its next regular meeting April 6, at 8 p.m., at the W.H. Morden Public School, 180 Morden Road in Oakville.

The purpose of the meeting is to discuss Halton Board of Education initiatives towards integration of special education students and the potential implications for programs for gifted students.

The meeting is open to the public and will be of interest to parents and educators concerned with the education of gifted children in the Halton Region.

Further information on this program or more generally on the Association may be obtained from Rod Taylor at 877-6093 or Lyn Appar at 877-5801.

Barn burns

NORVAL-A barn on the former Jack Fraser farm at the corner of Winton Churchhill and Steeles Avenue was burned to the ground around 4 p.m. March 22. Rush hour traffic was backed up as fire trucks arrived and cut the hydro off the Penny Gas Station across the road as well as the lights at the intersection. The origin of the fire has not been determined. There were no livestock in the barn. However a small amount of hay and grain was destroyed that was stored for feed purposes, said Brad Fraser.

ASK KATHY

How Much Salt Is Too Much?

Many people today are interested in lowering their sodium intake. And many people ask that same question of their doctors. The average sodium intake in the United States is around 10,000 mg. Those individuals interested in reducing their sodium intake usually try to keep it between 2000 to 4000 mg daily.

At Diet Center, we don't set minimums and maximums on sodium intake, but we do suggest that you taste your food before your pick up the salt shaker. Also, we recommend that you read food labels to be sodium-wise. Call Diet Center today for a free consultation and find out how we can help you lose weight and keep it off forever.
