

Spring, best time for best price on air conditioner

(NC)—Canada's winter can linger into April and it's hard to think of air conditioning when it's still cold out. Nevertheless it IS going to get hot. If you have thoughts of a new or replacement air conditioner for your home the sooner you make your move the better - both price and service-wise.

With the first heatwave, (which can come in May) dealer-contractors start to hear telephones ring. From then on

Home Comfort News

they're scrambling to keep up with demand. Late calling customers may not be able to get installation until summer is well started. And they certainly won't get a "sharp pencil" deal.

Most manufacturers - ICG among them - offer valuable inducements to order early. And, because they can use their time more effectively when they're not working at fever pitch, dealer-contractors will normally supplement these inducements with good deals of their own.

For all of your home comfort solutions, contact your local ICG Heating & Air Conditioning Dealer, or for your nearest dealer call 1-800-387-1300.
