COVERED PORCH AND DORMER WINDOWS ENHANCE A COUNTRY HOME

An inviting covered front porch, stone veneer and dormer windows introduce this charming three bedroom country home. The foyer steps down to a large sunken living room, which extends from the front to the rear of the house and features a warming masonry fireplace. A U-shaped kitchen, with abundant counter and shelf space, adjoins a sunny dinette and conveniently serves the formal dining room. Sliding glass doors from the rear patio provide access to the dinette and living room. A main floor laundry and powder room connects the double car garage to the kitchen. Stairs from the main foyer ascend to a dormer gallery - and ideal computer station or library loft. The master bedroom features a front view dormer window, walk-in dressing room and adjoining three-piece ensuite with bath. The two additional bedrooms, each with well closets, share

a three-piece bathroom. A spacious bonus room over the double car garage allows for future expansion and can easily accommodate a games room, extra bedroom or studio. The finished floor area is 2,020 square feet.
