

HELP WANTED

INVENTORY CONTROL

Accuracy, an aptitude for figures, attention to detail and completeness is required for this position in a manufacturing plant in Brampton. A major involvement in our current computer conversion will take place immediately. Daily production posting, data entry and maintenance of computer files and reports will be involved dealing with raw materials to finish goods. Eventually, production scheduling will be an added responsibility. Knowledge and/or experience in above areas would be an asset.

Paid benefits and flexible hours.
