INDOOR SPA ENHANCES CONTEMPORARY DESIGN

Attractive sand finished stucco, distinctive columns and oversized round top windows distinguish this luxurious three bedroom home. Ample natural light spills through the curved window over the front entry and brightly illuminates the grand two storey foyer. The foyer spills to a sunken living room with see through fireplace shared with the dining room. The island kitchen with peninsula counter and walk-in pantry conveniently serves the skylit breakfast room and bay windowed dining room. A sliding glass door from the family room opens to an indoor spa; glazed roof over the spa bath the room with sunshine. A den, three piece bathroom and laundry room with sewing centre complete the first level.

Upstairs, the master bedroom features a private deck, roomy walk-in closet and sumptuous ensuite with twin vanity, whirlpool tub and two way fireplace. The two additional bedrooms, one with a bay window, share a main bath with double vanity and tub. The home's finished floor area is 3,248 square feet.

Send for Canada's largest plan book with over 300 designs, only \$9.95, including shipping.
