PLAN No. 1888-3049

EXECUTIVE LUXURY FOR THE ENTIRE FAMILY

Grand double-door entry, decorative woodwork and distinctive window treatments throughout provide an elegant exterior for this ample family home. Spacious two storey foyer with railed staircase opens into the den, formal dining area and living room. Abundant natural light spills into the kitchen and breakfast room through wide windows and sliding glass door. An angled cooking island with breakfast bar for quick counter top meals adds efficiency to this gourmet kitchen. A large connecting family room is warmed by a second masonry fireplace. Access from the back door or convenient triple car garage leads to a handy main floor laundry/mud room and adjoining three piece powder room with shower.

A round top window brightens the staircase to the three bedrooms and bonus room. The master bedroom features a walk-in closet and lavish ensuite with separate vanity for him and her, raised whirlpool and shower. The additional bedrooms, one with a walk-in wardrobe, share a skylit bathroom with double vanity and soaking tub. A bonus room, provides for future expansion and may be used as an additional bedroom, guest room or games room. The finished floor area of this home is 2,942 square feet.
