**VAULTED CEILINGS ENHANCE DISTINCTIVE HOME**

Sitely brick detailing, bold multipaned windows and a copper topped by accentuate the exterior of this three bedroom home. The grand two storey foyer spills to the living and dining rooms. lofty vaulted ceilings add voluminous space to these areas. The informal area of this home revolves around a kitchen and family room. The gourmet kitchen offers an efficient centre cooking island, ample counter work area and a sunny breakfast room. A main floor den positioned away from the noisy traffic area can double as an office or guest room. A main floor laundry/mudroom and powder room complete the main level.

The angle staircase ascends to a railed gallery upstairs. The large master bedroom features a lavish ensuite with his and hers walk-in closets, double vanity and raised whirlpool spa. The two additional bedrooms, one with a front view bay window, share a three-piece main bathroom with soaking tub. The finished floor area is 2,482 square feet.
