VAULTED CEILINGS MAKE BOLD STATEMENT

PLAN NO 1187 - 1992

first story 1201 sq. ft.
second story 808 sq. ft.

Bold multi-paned vertical windows with an arched crown dominate the exterior of this stately three bedroom home. The well designed floor plan ideally separates the different living areas of this 2,069 square foot plan. The impressive living and dining rooms with imposing coffered ceilings and front view bay window are perfectly suited for hosting more formal and intimate gatherings. The open plan kitchen/family room combination allows the cook to keep in touch with family room activities and creates a large informal living space - a natural gathering spot for the family. The gourmet kitchen, featuring a centre cooking island, angled sink under corner windows and roomy pantry, flows to a windowed bay breakfast area. A cozy den, which may also be used as a guest room or media centre and a powder room complete the first level.

The grand two storey foyer, ascending to a railed gallery above, is dramatically accented by a large Palladian window. Elegant double doors open to a luxurious master bedroom which features his and hers walk-in closets and a sumptuous ensuite with raised whirlpool spa, twin vanity and shower. The two additional bedrooms share a three piece main bathroom and large walk-in linen storage closet.

Send for Canada's largest plan book with over 300 designs, only \$9.95, including shipping.
