

Barber, Hall spectacular in Novice tie Defensive struggle

Lately, Georgetown McNally Construction minor novice goaltenders Chris Hall and Joey Barber have been worked hard in every game. On Nov. 20 against Chinguacousy their teammates played so well they gave the goaltenders the right off. Georgetown as a team dominated their opposition so much that their opposition never even had a good scoring chance. Trevor Rich scored his first of two goals on the first shift of the game. His linemate Dan Cabral scored also when he was set up by Rich.

All in all, the line of MacLeod, Rich and Cabral accumulated seven scoring points and kept the opposition on the defence whenever they were on the ice.

David Markham rounded out the scoring when he was left all alone in front of the Chinguacousy goal and converted a pass from Mike Krause.

McNally's coaching staff was smiling after the final buzzer sounded with Georgetown posting a 4-0 win.

Three star selection: Trevor Rich, Dave Markham, Mike Madill. All season long it has been reported that McNally Construction goaltenders Joey Barber and Chris Hall have been good.

Well, on Nov. 19 when they played Stoney Creek they were not good. They were spectacular.

First, Joey Barber was in net for his half of the game and he was tested early and often and were it not for some sloppy clearing around his goal he would have shut out the opposition.

Chris Hall came into the game with Stoney Creek holding a 1-0 lead and if he felt the pressure of the situation he certainly didn't show it.

He stopped two clear-cut breakaways and kicked out everything that Stoney Creek could offer.

This was a game of strong end-to-end action with great goaltending at both ends of the rink.

Georgetown's Trevor Rich was robbed when he broke in alone on the opposition goalie, Danny Cabral

followed in for the rebound and he too was beaten.

Ryan Smith, Mike Krause, and David Markham all had excellent scoring chances, but were turned away. Finally just when it looked like McNally's would never score their coach Brian Markham decided it was time to pull the goalie.

There was only 40 seconds left and the faceoff was in the opposition end. Robert MacLeod came off the bench to take the faceoff.

He got the draw back to Ryan Smith who took a shot that almost went in and then sat on the goal line. David Markham reached for the puck but couldn't ram it home.

Then just as the buzzer was sounding Robert MacLeod got his stick free and shoved the puck home for the tying goal.

Final score, Georgetown 1, Stoney Creek 1.

Three star selection: Chris Hall and Joey Barber, Robert MacLeod, Dan Cabral.

Mashinter fires the hattrick in Fuelers win over Orangeville

By RON KERSLAKE
Herald Special

The Georgetown AA Star Fuelers split a two game Minor Atom series with Orangeville last week and continued to show that they are getting better and tougher to beat.

Orangeville came to Georgetown with a two game win streak in two and had it ended as the Fuelers blew them out with a 5-0 shutout.

Ryan Taylor came off the injured list and filled in on defence - the whole defence core starred in this one starting with Jamie Briggs making a long lead pass as Ryan assisted Pete Mashinter on the first goal. The second goal started with Jamie's point shot. The rebound was banged

around by Pete and the goal scored by Chris Goodhew. Then Gary McNiven sent Pete in alone and he netted a high shot to score again.

A little tension as two defencemen went to penalty box almost at the same time but Ryan and two other skaters kept throwing the puck back out. Briggs did it again, keeping the puck in at the line and Robbie Pilgrim assisted as Darin Finlayson banged in the fourth goal. Gary McNiven got another assist as Pete got his third goal to seal the win. Both Andrew Craig and Geoff Beaupair earned the goaltending shutout as they were tested several times.

In Orangeville it was a different

story. They were ready and took offensive charge early. The Fuelers played catchup and never caught up in a 6-3 loss.

Pete Mashinter used Chris Goodhew as a decoy to score the first goal and then on the second one they reversed roles as Pete set up Chris. Those are not official assists because the officials apparently could see but one player at a time.

Things did get out of control and with only six skaters on the ice - yes the box was full - Ryan Taylor used the open ice to get an unassisted goal.

As a result of the work of coaches Bob Craig and John Andrews, the team is definitely showing improvement as the players start to have more confidence in each other and as the players new to this level of hockey develop.

Staukus hoops 17

Anita Staukus hooped 17 points as the Pacemakers handed the Blue Zone its first defeat of the season in Georgetown Ladies Basketball League play at Centennial School last Wednesday night.

Maureen Kerr was the second highest point scorer on the Pacemakers as she contributed an even 10 points in the 53-41 victory.

The win left Pacemakers just a half game back of the still league-leading Blue Zone. Pacemakers now sport a 6-1-1 slate while the Blue Zone has a 7-1 record.

In other league games last week, Penny Wright (16) and Diane Gardner (12) led the Steroids to a 42-39 triumph over the California Raisins and in an offensive duel Michelle Mehm pumped in 29 points to pace the Celtics to a big 75-70 win over the 76ers.

Other team high scorers included Carol Kovacevic (13) for the California Raisins, Sandra Cousens (20) for the Blue Zone and Chung Kim (22) of the 76ers.

Play continues tonight at Centennial with 76ers meeting the Pacemakers in the 7 p.m. tipoff match. Blue Zone faces the California Raisins at 8:10 p.m. and Celtics do battle with the Steroids in the 9:20 p.m. nightcap.

Poor first period hurts Peewee B's

A poor first period proved costly to the Georgetown Major B Peewees, as they lost 6-4 to Milton, in Harrison Division play.

The first period ended with Milton ahead by a score of 3-0. Two of the markers were power-play scores, and they proved to be the difference in the end.

The teams traded a pair of goals in the second period. Andrew Marshall got the first Georgetown goal. Following up a partial breakaway by Matt Deruchie, he picked up the loose puck in the low slot and flipped it over the fallen goalie. The second was scored by Deruchie. Taking a pass from Jason Quinn, he let a wrist shot go from the blueline, that caught the corner of the net. It was 5-2 after two

periods. The locals outscored Milton 2-1 in the third frame. Deruchie scored an unassisted goal, after a nice solo rush, putting a backhand shot past the goaltender from a bad angle. Later, a scramble around the Milton net led to Georgetown's final goal. Deruchie's initial shot was stopped, but Jason Quinn followed up on the play, and cashed the rebound.

Darryl Casselman and Seth Homer faced 36 shots between them, for the home side. Jeremiah Fendley led the team in takeouts, with three; and Blaine Kennedy, Deruchie and Shannon Morris blocked shots. Future games this week include meetings with Milton, Oakville and Burlington.

Koloff, Southworth lead M and M house leaguers

Bill and the boys down at M and M Pro Sports are proud of their entry in the GMHA Novice house league. So far the "Pro Sporters" are a perfect three wins and no losses.

Led by stellar goaltending the boys are oozing confidence game by game. Dylan Lee has picked up two shutouts in the two games he started, both by 7-0 scores. Mike Kitchen played a solid game in the team's other victory, a 4-1 decision.

While the offence has been in high gear, fans know that any team that outscores the opposition 19-1 has good defence. That's led by Mark Quaglia, Nathan Martin and the Cibic brothers, Tom and Dan.

In the weeks to come the forwards hope to keep up their Gretzky-like pace. Stay tuned.

HALTON LEAGUE
Monday, Nov. 21
Time Out I retained the lead spot with a 10-4 win over visiting O'Tooles - and modestly forbids me from saying I gifted the visiting team two matches. Eugene Fradsham took the singles and Paul Richardson and Jim Carrick notched the doubles over self and partner Beau Beaumont, who also dropped his singles, to great throwing by Luke Helkamp. The other lucky person to be mentioned from Time Out is Ron Scarlett in losing to Kavan Drumm. Danny Fraser popped in another 180 maximum and Joe Cairns finished with scores of 108 and 103; Cairns also knocked a 140 together with Ron Scarlett to lead the way. Kavan Drumm was the sole individual for O'Tooles with 140.

McGibbon ladies stole away with three points against the men in their return match. Kim Allen defeated captain Jim Nicholson, Shannon Shields defeated Marty Wheeler - both in singles play. Darlene Fyvie and Monica Southon pulled off a doubles victory over John Royce and Wyman Somers. The lads remain in second place. Shannon Shields knocked for 136 as the boys replied with 140 each from Paul Kirby, Jim Nicholson, John Royce and Randy Hunt.

Brackens and Copper Kettle battled their way to a 7-7 tie in a ding dong match. David Ball and Stu Engineer came through with maximum points for the Kettle. Bill Taylor and Jamie Frank did likewise for Brackens. Kettle's Ron Corbett recorded the only individual honor for the match with 134. This result is a repeat of last week's score between the teams.

Hollywood and Time Out II fought out another close match although the Tavern were leading 8-3 at one point. Time Out came back to take the last three games for a 6-6 loss. It must be said that Hollywood were only playing with six players during the match. Mark Farrimond topped 140 for Hollywood. Time Out answered with John Colter's 140 and 135 and Allison Marrows' 131.

On Sunday, the Darts Ontario Zone darts shoot took place at the Halton Country Inn in Milton. The tourney was to have taken place at the Optimists' club in Milton, as usual with Milton darts something went wrong - a double booking of the premises. Eventually all went well. Helen Reid had a good run in the singles and finished one game on 105. Gary Rodda and Anne Nicholson teamed up to reach the mixed doubles final which was won by Laura and Gordon Goodband of Milton. Gordon also took the men's
