PERSONAL

The world in the past has been ruled by force, and man has dominated over woman by reason of his more forceful and aggressive qualities both of body and mind. But the balance is already shifting. Force is losing its dominance, and mental alertness, intuition, and the spiritual qualities of love and service in which woman is strong, are gaining ascendancy. Hence the new age will be an age less masculine and more permeated with the feminine ideals, or to speak more exactly, will be an age in which the masculine and feminine elements of civilization will be more evenly balanced. If you would like more information, an informal meeting will be held December 13, 1988 at 7:30 p.m. at the Isabel Watson Room in the Acton Library, or phone Don 878-6138 or Kerry 877-9530.
