

Casselman strong in callup role

Two ties for Peewees

Before the Georgetown ReMax Dodge Major Peewees broke for the Christmas holidays they played three games in three days with one loss and two ties.

On Sunday, Dec. 18 the team travelled to play a tough game

against Milton. Although Georgetown knew they had little hope of winning a game against the strong Milton team they surprised everyone by scoring the first goal. The goal was scored by Ryan Brain with the assist going to Ryan

Pirie. The ReMax Dodge team checked and skated with the home team for two periods. Georgetown had many good scoring chances but just didn't get the breaks. Sean Mills played a good game between the pipes for two periods and then handed the challenge over to Daryl Casselman, who was brought up as an affiliate player. He played a very strong game in net against a very aggressive team, stopping many attempts by Milton.

We may not have won the game but the team played an excellent game letting Milton know that they are going to have to work extremely hard for their wins.

Monday night, Dec. 19, Burlington was in town and skated to a 5-5 tie. They scored first but the Major Peewee "AA"s, still playing as well as they had the night before, tied it up with a good goal from Randy Bond and assisted by Jim Kavanaugh. Burlington went ahead 2-1 at the four-minute point of the first.

In the second, Georgetown tied it up again this time by Paul Kalbarski and assisted by defenceman Mark David. Burlington went ahead again at the end of the second period.

In the third, Matt Downs scored from Bond to tie the game again. Burlington went ahead and then Derek Parsons scored from Kalbarski. Downs scored his second of the game and went in the lead for the first time of the game. Parsons got the assist.

The team had played very well and were looking for a win as a reward for their excellent play but that was not in the cards. Burlington scored the tying goal, taking some wind out of the home team sails. ReMax Dodge left the ice knowing that they played a good game and were proud of it.

In game three against Flamboro, the locals came out flying and scored 26 seconds into the game. Randy Bond from Matt Downs. The visitors scored two minutes later. Bond found the net to score the go-ahead goal with Derek Parsons before the first period ended. Flamboro tied up the game in the second.

Both teams were playing end-to-end with Georgetown scoring by Ryan Pirie from Bond and Parsons. With no penalties in the game and the locals in the lead again and only three minutes left on the clock things were looking good but this was not to be. Georgetown took a penalty giving Flamboro the man advantage. They pulled their goalie to give them a two-man advantage. We held them off until our defence took another penalty this time they took one of Flamboro players with him. And as fate would have it Flamboro scored to tie the game 3-3 with seconds left in the game. This game was one of the most exciting games the team has played, working right to the end showing good sportsmanship and a pride in themselves and their teammates that we as parents can be proud of.

We, the parents, hope the ReMax Dodge Major Peewee "AA"s continue to play well and have pride.

Industrial Growth Fund

When it comes to RRRSP investing, one word says it all. Results.

There are many ways to invest your RRRSP dollars. And each RRRSP alternative claims it's the best — for one reason or another. But none of these claims hold water unless one thing is there to back them up: a record of performance.

There are many things we could say to attempt to establish the credentials of The Industrial Group of Funds... that we manage more than \$7 billion for more than 600,000 Canadian investors... that we pursue growth, but never at the expense of consistency... and that our record of anticipating developments in the market has been excellent.

But only hard numbers count. And we urge you to make your RRRSP decision on the strength of comparison of results.

Here are ours:

	1 yr.	3 yr.	5 yr.	10 yr.	20 yr.
Industrial Growth Fund	20.5%	11.2%	13.0%	16.7%	16.2%
