Norval UCW hold meeting

NORVAL-Norval United Church Unit 1 met at the home of Ethel Webb Feb. 16. Following lunch and dessert, President Dorothy opened the meeting with a poem, "Where There is Love."

Following the minutes, business included a letter read from Eunice Wilson, who is a resident of Halton Manor. Agnes Miller made a motion, seconded by Ethel Webb, that Dedication Day for the communion table runner should be held April 2 with the three presidents to take part in the service.

The devotional was taken by Kay Wilson when she opened with the poem, "There is a Church on 89," by Gordon Winters of Grand Valley. Scripture readings were from Mark 4:26-32, followed by an article entitled "The Bible and Farming."

When tillage begins, other arts follow. The farmers are therefore the founders of Human Civilization. This Farmer's Creed by Edward Ruliffson is as follows:

"I believe that the soil God made is our greatest natural resource, that the proper conservation of its fertility and the maintenance of a food home upon it are my most important social services as a farmer. I believe that work upon the soil is a co-operation with the Creator, in a complete, yet ever-continued creation, that it is the oldest, most useful, honorable and enjoyable employment of man, and that when undertaken in the right spirit, it calls forth the best that is in him. I believe that better farming should mean better living, and that the greatest rewards are the satisfaction it gives."

And there should be in this thought some compensation for the days and nights of tireless toil which every farmer must endure, and also for the scant material rewards which come to him for the inestimable service he renders to his fellow men.

He is the indispensable, primary producer upon whom all others depend.

"One is closer to God's heart in a Garden than any place else in the world," applies to the farmer as well. President Dorothy gave the courtesies and closed the meeting with prayer.
