GRASS GROOMERS

STARTING AT **\$4099** WITH MOWER

You can see all the Kubota G Tractors right here. The grass is getting longer every day.

Nothing cuts grass like a Kubota diesel lawn and garden tractor. The G4200 model you see here has a 12 horsepower, water-cooled diesel engine. It's designed to outlast ordinary gas mowers by many seasons. It will not only last longer, it will run cheaper. With no spark plugs, carburetor or distributor to wear out, maintenance costs are almost nothing. Diesel fuel is cheaper too.
