

No objections to 18-hole golf course

Blue Springs Developments in Acton is proposing an 18-hole semi-private golf course on the north-west boundary of Halton Hills that has so far met with no objections from Halton Hills residents. "There were no objections in principle to the application," said

Town of Halton Hills planner Glenn Wellings. Mr. Wellings said the proposed 18-hole golf course will be located on 550 acres of rural land between Regional Road 12 and Highway 7, just west of First Line in Acton. Mr. Wellings did add that there

is some "inherent hazard" land on the property. But the property is presently not being used although zoning for a portion of it allows for a golf course. In a public meeting Monday night, Michael Rowan from the Izaak Walton Fly Fisherman's

Club expressed concern that some of the course's 18 holes would cross the river system. "It basically runs through an environmentally-sensitive area," agreed Mr. Wellings. "There are a few holes that will come in contact with the creek."

While Mr. Rowan said he did not object to the golf course being opened, he said that Cedar Springs, located on the property, is "a major cold water supply for the Grand River system." But Blue Springs planning consultant Terry Korziak said the land has been reviewed by both the Ministry of Natural Resources and the Grand Valley Conservation Authority.
