VAULTED CEILINGS ENHANCE OPEN PLAN DESIGN

Traditional Williamsburg exterior, with horizontal siding, shuttered windows and steep gable roof, adorns the exterior of this four-bedroom family home. The vaulted foyer splits to the living and dining rooms. A masonry fireplace warms this formal area. Across the foyer is a cozy den. The rear by powder room allows the den to double as a guest room or extra bedroom. The gourmet kitchen, with spacious counters and angled sink is open to the breakfast bay and family room. The breakfast bay which is open to the vaulted gallery above creates a dramatic eating area. Sliding glass door and fireplace in the family room makes this area an ideal family retreat.

The open raised staircase winds to a walk-in closet, the master bedroom boasts a lavish ensuite with wall-in closet, his and her vanity, shower and whirlpool spa. The two additional bedrooms share a main bathroom with soaking tub and twin vanity. The vaulted bonus room provides an additional 284 square feet of living space. The bonus room may be used as a media centre, game room or extra bedroom.

This design may be built without the garage and bonus room to accommodate a narrow lot. The finished floor area of this home is 2,305 square feet.
