**HANDSOME BUNGALOW
DESIGNED FOR
REAR VIEW LOT**

Master bedroom, living, dining and family rooms positioned along the rear of the home to maximize privacy and to capture the view. Large windows and sliding glass door in these rooms capitalize on the view to the rear of the lot.

A deeply weather-protected entry opens directly to the living and dining rooms. Tall windows flanking the masonry fireplace creates a dominant feature wall. The gourmet kitchen has a large centre cooking island, walk-in pantry and breakfast room. Adjoining the kitchen is a family room with sliding glass access to the garden patio. A convenient main floor laundry room connects the two-car garage with the kitchen. This eases unloading groceries from the car to the kitchen.

The master bedroom boasts a walk-in closet and five-piece ensuite with twin vanity, whirlpool spa, and shower. The three additional bedrooms revolve around a main bathroom with soaking tub. The third bedroom has a partially vaulted ceiling over the circle top window.

The finished floor area of this family home is 1,763 square feet.
