## Club sets 'cruise nights'

By MIKE ADAMS  
Herald Special

The Tachmen Car Club of Georgetown is pleased to announce that they are presently holding a year-long celebration for their 25th anniversary and would like to hear from all previous members as there will be, in all probability a club picnic which we would like them to attend.

The Tachmen were founded in 1964, having a short stay in the Snelgrove area then moving to its present location on Main Street South in Georgetown.

Many Canadian Street Rodder Association members have been to our Men's Night Out and we assure you that this tradition will be continued again this year.

This summer the club members are anticipating trips

to New York, Pennsylvania, the Canadian Nationals and the U.S. Nationals, as well as Kalamazoo. Being our 25th anniversary, we would again like to point out that we would be pleased to hear from all former members.

At this time, our membership is led by: President - Mr. Jim MacArthur, Vice-President - Paul Sanderson, Treasurer - John Ponterini and Secretary - Al McPhee.

Two "Cruise Nights" have already been planned as part of the 25th anniversary celebrations.

The first one is scheduled for June 12 with a second set for Aug. 14. In case of rain, the following days will serve as make-up dates.

Georgetown's Guelph Street Marketplace serves as the site for the Cruise Night events.

# Good weather greets soccer kickoff

## Soccer

By ALEX TOUGH

Youth opening day took place last Saturday in fairly good weather after several days of wet, which certainly helped the state of the grass if nothing else.

Matters went relatively smoothly apart from a couple of injuries. Andrea McNeilly suffered a broken arm and Paul Smith was knocked out cold from a tackle/clash. Both were taken to hospital and Smith was retained overnight for observation, and he was still there Sunday night, in good spirits.

There was some good and exciting soccer played for the time of the season and, I understand, an excellent barbecue run by Joey Clare and Stu Baines to help the boys' funds.

Next, locally, is the senior Inter County league which begins Wednesday, May 17 with a change to the schedule. The Meadowglen field is not quite ready and Meteor and Mariner will play at 7 p.m. at Alcott to be followed by United versus Ajax. Two entertaining games to lead off the first and second division respectfully. The league has a meeting, in Milton, on Thursday.

Wednesday, May 24 has Villa vs Marlin Travel, Eagles vs Meteor, United vs Sville "A", Stingers vs Laurentians all early kick offs and Mariners vs Crown at Cedarvale and Ajax vs Milton at Alcott both late starts.

As usual, referees are a problem, rather the shortage of referees is a huge problem. There can be satisfaction from officiating at games and also some moments of dissatisfaction. Knowledge of the game and the rules is a definite advantage. The Town club has sponsored budding referees for a number of years and whereas we manage to obtain several enthusiastic younger tryouts they do not always last the pace; mainly abuse from the touchlines. The club and the referee group have attempted to stamp out the abuse by education and occasional suspension of coach, manager or parent from time to time. By and large we are not too bad. Just one yell at an inexperienced official may be the one that drives that person in the middle away forever.

The Liverpool story, and those of like nature, is not one that I normally pen. The recent disaster has prompted comment. The "Pool" have returned to the competitive fray and do not seem to have lost any edge in their play. Results show that they have an opportunity of winning both league and cup this year after last Saturday's results, which would make it almost a fairy story. Soccer fans in UK have now begun to re-mingle at games and have taken it upon themselves to almost end the fans segregation. After the storm come the flowers?

The so-called "swarming" happenings in Toronto are, I hope not, a foreboding of things to come. This is how much of the "troubles" began in UK years ago.

Reports out of New York appear to show pride in that metropolis' violent ones. That city also has the reputation of having crowd problems at sporting events - hockey and baseball - on occasions. I recall writing several years ago that we should not turn a blind eye and think it cannot happen in

Canada. I also recall a soccer fan stealing a policeman's gun from his holster and shooting at the referee - 1977/78 in Windsor.

Referee and player assaults are severely dealt with within soccer's discipline codes and long may this continue.

European, other than UK, are now involved in police/fans clashes with a load of violence. Hopefully the lessons are learned before they happen here in Canada.

If you are able to assist, even in a small way, with officiating please contact a club official and offer, you are needed.

Have a good season, see you next week.
