Canada Post Corporation

"WE ARE VERY PLEASED WITH THE SERVICE HERE."

Margaret Rickert, Area Councillor, Alma, Ontario

Alma Area Councillor, Margaret Rickert, is one of a growing number of municipal leaders to endorse Retail Postal Outlets. Over ninety percent of our customers say service at Retail Postal Outlets is as good as or better than the former post office.

COMMUNITY BENEFITS

In many rural communities across Canada, where postal services have been converted to a local business, community leaders appreciate the benefits the town receives from increased access to postal products and services.

Overall the change from a corporately-operated post office to a Retail Postal Outlet run by local business means:

- Longer hours of service**, often including weekends and evenings.
- More outlets**. Over the next few years the number of outlets will grow from 5,000 to 7,000 across rural Canada.
- More business**. Retail outlets, operated as part of a local business, help strengthen the business base of the community.

*Canada Post Corporation is delivering on its promise.
We're in rural Canada to stay.*
