PLAN NO. 1189-1650

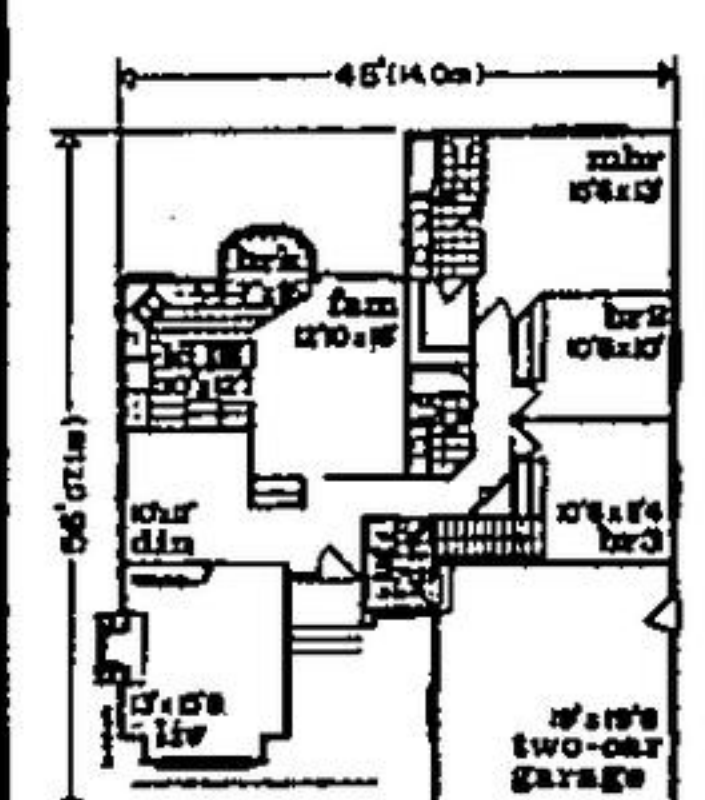

EXCITING BUNGALOW OFFERS A CHOICE OF EXTERIORS

Affordable, three-bedroom bungalow may be finished with traditional brick, horizontal siding or stucco (windows and roofings differ with each elevation). The foyer spills to a sunken living room. The living room, with masonry fireplace, is separated from the dining room by a low railing. The informal area of the home revolves around an open plan kitchen, with centre cooking island, breakfast bay and family room. The breakfast bay is surrounded by windows on three sides, creating a sunny eating area. Wide sliding glass doors in the family room open to the garden patio.

The bedrooms are positioned away from the noisy traffic areas. The master bedroom features a lavish ensuite with roomy walk-in closet, his and her vanity and soaking tub. The two additional bedrooms share a main bathroom. The third bedroom can easily double as a den or guest room.

The finish floor area of this home is 1,650 square feet.

Send for Canada's largest plan book with over 300 designs, only \$9.95, including shipping.
