We're moving

Moving day has finally come for the Town of Halton Hills. While many of us at the Recreation and Parks Department will miss our quaint little office in the park we look forward to working together with other departments in our new building. We feel very fortunate to have such a positive working environment which will no doubt boost staff morale.

It's a busy time of year for Recreation and Parks with summer program registration going strong and our parks use and

maintenance in full swing. We apologize for any inconveniences you may incur as a result of our move and thank you in advance for your patience and cooperation.

The Civic Centre will be closed on Monday, May 29 so that staff can unpack and set up their offices.

We also have a new phone number, 873-2600 to go with our new address, 1 Halton Hills Dr., P.O. Box 128, Halton Hills (Georgetown) L7G 5G2.

Hoosiers are red hot

The Firestone Halton Hills Hoosiers Peeewe softball team improved their record to 2-0, with a 13-1 crunching of Burlington, in recent Halton-Peel league play.

The Firestones combined a 14-hit attack with the two-hit pitching of Shannon Morris to record their first away victory of the year.

Burlington opened the scoring in the first inning, with a two-out triple that scored on a subsequent run-down between third and home. It was to be their last run of the game.

The 1-0 score stood up until the top of the third, when the Hoosiers broke the same open with a five-run rally. With one down and right fielder Amy Korzack on first courtesy of nicely executed bunt single, the team went to work. Stacy Colarossi singled. Andrea

Leeking followed with an RBI single. Morris cashed both runners with a single through the box. After Tammy Richard moved Morris into scoring position, Julie Scarlett hit the fifth safety of the inning, driving in the fifth run. It was 5-1.

Georgetown added to their lead in each of the following innings. A Morris RBI single cashed a run in the fourth. In the fifth, RBI singles by Wendy Graham and Heather Bailey chased two more runs home. In the sixth, a couple of errors and an RBI ground-out by Sherie Peacock resulted in three runs. And Leeking and Scarlett finished off the seventh with an RBI each, to make the final score 13-1.

For the game, Hoosiers had 13 runs on 14 hits and two errors. Burlington had one run on two hits and committed five errors.

Isn't this a wonderful time of year? With the onset of this beautifully warm weather, the gardens of our town have suddenly bloomed in profusion, and there is color everywhere. As I drive around town I see busy people diligently bending over flowerbeds, fertilizing and generally making their properties look beautiful.

I was amazed to watch on a recent TV show, that the nursery business has increased enormously over the past 3-5 years, due to the public's demand for instant gardens. No longer are people content to plant their little packets of seeds, and wait for the sprouts and then the flowers to appear, they want flowers NOW. So the demand for plantings is almost insatiable. I know that I have always been one of the first to have my hanging baskets up, for I just can't wait to get that color outside my home, and rid myself of the winter blahs. There is certainly no better way to add that splash of color so quickly, as in preplanted container baskets. This year, I have to compete with our mud heap outside on the lawn, but, the flowers are there, bravely trying to overcome the rest of the mess.

Certainly if your home is about to go on the market, or if it is already sporting a "For Sale" sign, you might really consider getting lots of color out there, so that you at least have a very welcome yard for people to look at, as they walk up to your door. It is always first impressions that make such a difference to prospective buyers. If a home is attractively landscaped with manicured lawns, it speaks volumes about what condition that house is in. Almost, without exception, if the outside of a home is neglected, the inside will be too. Obviously, the reverse is true.

If you are not a gardener, and pale at the thought of pulling weeds, trimming around garden plots, at least get your lawn in shape, and then get some nice containers of plants, and place them on the corners of your walkways, hang baskets by the doorway - and then, for very little money, you have a splash of color - and with the exception of watering and the odd fertilizing, you have achieved an instant garden, plus a great first impression.

The nurseries are still in fairly good shape for finding some nice baskets, but don't wait too much longer, for the selection gets slimmer day by day.

I really believe that you can do a lot with just a little imagination, a few dollars, and half an hour at one of our local nurseries. I think you will amaze yourself at the difference it makes, and you can also enjoy the rewards of a nice new look as you come up the driveway each night. Flowers say wonderful things to you - and to prospective purchasers.

See you at the nursery!
