

Off to PEI

Fifteen Scouts from the North Halton District packed their bags and headed for Prince Edward Island July 14 for a Canadian-wide Jamboree. About 10,000 Scouts are expected to fly down to the 10-day event. Front row, left to right, Mark Henderson, David

Boere, Andrew Fuller, Kevin Lumb, Rod Socha and Michael O'Meara. Back row, Matthew Wilson, Mark Boere, Lee Martin, Grant Goodfellow, Colin Kay, Ryan Vincent, Bruce Kay (unit leader), Ron Fuller (unit leader) and Steve Clark. (Herald photo)

Six firms receive hydro efficiency awards

Six Ontario companies were recently presented with Double E awards for energy efficiency by Ontario Hydro Chairman and President Robert Franklin. The awards, created by the Canadian Electrical Association, were presented to the companies for excelling in adopting energy efficient technologies.

"Ontario Hydro is in the early stages of the largest, most ambitious program to promote energy efficiency and conservation ever attempted by a North American utility," said Mr. Franklin in his remarks to the winners.

"I extend my congratulations to all the developers, architects and engineers who took part in the design and construction of these energy efficient buildings."

The six winners were: Matthews Group Limited for the Novotel Hotel in Mississauga; Marathon Realty for the Atria II North office building in North York; Ministry of Government Services for the Ottawa courthouse; Rocky Crest Corporation for Rocky Crest Resort on Lake Joseph; Inducon Development for the Westmetro Corporation Centre in Etobicoke; Belmont Construction for the 890-900 Yonge Street condominium.

PCB decontaminations on target

Ontario Hydro's mobile PCB decontamination unit spent June at the Lennox thermal generating station near Kingston. While there, over 100,000 litres of oil were treated to remove the PCB content. To date, across the province, 487,000 litres of oil containing PCBs have been decontaminated by the mobile unit's process. This volume is expected to double by year end.

Ontario Hydro Donation

At \$20,000 a year, Ontario Hydro will contribute a total of \$100,000 to the Ajax and Pickering General Hospital building fund. The Hydro contribution will be used to help build a new fracture treatment clinic in the expanded hospital's emergency and ambulatory patient care department.

The Ajax and Pickering General Hospital serves the needs of many Pickering generating station employees and their families.

Electricity Consumption

During June, Ontario Hydro supplied 10.5 million megawatt-hours of electricity to Ontario consumers; this is 4.2 per cent more than in June, 1988.
