TRIVIA

Sea Giant

The giant spider crab of Japan dwarfs all other crustaceans with a span of 11 feet between outstretched claws, says National Geographic. The spider crabs reach adult size within 10 years and may live 50 years or more.

State-Size Glacier

Alaska contains some 5,000 glaciers that cover about 3 percent of the state's total land area, says National Geographic World. One Alaskan glacier covers an area larger than the state of Rhode Island.

Aging Process

The sequence of body breakdowns that comes with aging is not a random process. It may be caused instead by the loss of specific cell groups in the brain and endocrine system on a genetically programmed schedule, a University of California, Berkeley research associate has stated. A restricted diet may slow the proliferation of cells. Some rats on the restricted diet lived up to eight months longer than rats on normal control diets. Would the same treatment help humans live longer? Don't try it, it could be very dangerous.

No Distraction

There are no billboards in Holland to detract from the beauty of the country.

Make Mine Coffee

Substitutes for coffee have included roasted and ground chicory roots, asparagus seeds, dandelion roots, English oak acorns, hawthorn seeds, kava-kava, milk thistle seeds, soybeans, witch grass roots and sweet potatoes.

How To Kill A Business In Ten Easy Steps

1. Don't advertise. Just pretend everybody knows what you have to offer.
2. Don't advertise. Tell yourself you just don't have time to spend thinking about promoting your business.
3. Don't advertise. Just assume everybody knows what you sell.
4. Don't advertise. Convince yourself that you've been in business so long customers will automatically come to you.
5. Don't advertise. Forget that there are new potential customers who would do business with you if they were urged to do so.
6. Don't advertise. Forget that you have competition trying to attract your customers away from you.
7. Don't advertise. Tell yourself it costs too much to advertise and that you don't get enough out of it.
8. Don't advertise. Overlook the fact that advertising is an investment in selling — not an expense.
9. Don't advertise. Be sure not to provide an adequate advertising budget for business.
10. Don't advertise. Forget that you have to keep reminding your established customers that you appreciate their business.
